3 Year Overview		
Performance Information 2017-2020	Key Priorities 2017-2020	School Leadership 2017-2020
<ul style="list-style-type: none"> <li>Our school will use our Closing our Gaps Statistics to identify interventions and impact of those for children who are not on track in their learning. From that information we will target specific cohorts based on attendance, attainment, engagement and participation. This will be reviewed regularly and at key points (Nov, March, and May).</li> <li>We will gather data from the SNSA and consider that alongside data from the LMG to plan interventions across the LMG e.g. STEM interventions.</li> </ul>	<p><b>Priorities for 2019-2020:</b></p> <ul style="list-style-type: none"> <li>A consistent approach to planning and assessment will be in place to support effective learning and teaching.</li> <li>The rationale and design of our STEM curriculum has been developed collegiately, enabling opportunities to make links across science, technologies, engineering and mathematics, and digital skills, to be explored.</li> </ul>	<p>Our leadership capacity will be developed through:</p> <ul style="list-style-type: none"> <li>Our professional dialogue and collegiate working linked to our 3 Key Priorities.</li> <li>All staff being involved in leading learning through our Collaborative Action Research (CAR) Groups.</li> <li>Improving our approaches to digital learning and teaching.</li> <li>Developing our understanding of curriculum areas e.g. STEM, DYW to ensure our subject knowledge is up-to-date.</li> <li>Our learners having a strong voice through being involved in evaluating our school using How good is OUR school?</li> </ul>
<p><b>School Improvement 2017-2020</b></p> <ul style="list-style-type: none"> <li>Our new digital planning framework will ensure consistency in planning for learning and teaching that is differentiated to meet learners’ needs and engages learners through the 4 contexts for learning.</li> <li>We will be developing Visible Learning to help us see learning through the eyes of the pupils and help pupils to see themselves as teachers. We will use tools such as classroom interviews, video diary, walkthrough and questionnaires/surveys to help us to evaluate learning, teaching and assessment, and experiences within the classroom.</li> </ul>		<p><b>Teacher Professionalism 2017-2020</b></p> <p>The key areas for career long professional learning and professional growth in our school and LMG will be:</p> <ul style="list-style-type: none"> <li>Developing our knowledge understanding of curriculum rationale</li> <li>Developing our knowledge of relationships (through the work of Paul Dix) and their effect on learner engagement and motivation – with a focus on having a whole-team approach to behaviour management.</li> <li>Engagement in Collaborative Action Research (CAR) groups to ensure improvement across our 3 key priorities.</li> <li>Teachers will work with LMG colleagues to develop their skills in teaching Maths.</li> </ul>

<b>Assessment of Children's progress 2017-2020</b>	<b>LMG Priority 2017-2020</b>	<b>Parental Engagement 2017-2020</b>

<b>Curriculum Rationale</b>		
<p><b>Values</b></p> <p>Continue to develop our shared vision, values and aims throughout the school community. All members of the school community will work together to produce a rich, inclusive, relevant and motivating environment for all.</p> <p>There will be an increased understanding of staff knowledge and understanding of the principles and practice of GIRFEC and their roles and responsibilities in meeting universal needs.</p>	<p><b>Totality of the Curriculum</b></p> <p>Develop our digital planning to ensure consistency in planning for teaching and learning. The focus is on the 4 contexts for learning and on differentiating effectively to meet the needs of all learners.</p> <p>We will develop a more active curriculum, including focusing on important themes for example creativity, DYW and outdoor learning.</p>	<p><b>Learning and Teaching</b></p> <p>All staff have a shared understanding of effective learning and teaching approaches which are embedded in practice consistently across the school. A variety of high quality strategies and tools are employed appropriately and effectively to ensure that each child is engaged, challenged and enjoying their learning. These include cooperative learning, active learning, outdoor learning and use of appropriate technologies.</p>
<p><b>Experiences and Outcomes</b></p> <p>All the Experiences and Outcomes are used to plan relevant meaningful learning experiences for every child. This ensures consistent, progressive development of their knowledge, skills and attributes.</p>		<p><b>Entitlements</b></p> <p>Each child experiences a broad, coherent, relevant curriculum which meets their needs. All children have appropriate opportunities to develop the skills for learning, life and work, including the skills and attributes of the four capacities, and can talk about their progress in this area.</p> <p>All our children engage in learning experiences which enable them to develop their understanding of our world and Scotland's place in it, supported by their families and our community.</p> <p>Our children, families, staff and community have high expectations of themselves and the school and play a</p>

		<i>significant role in improving our school. Every child experiences success.</i>
<p><b>Support</b></p> <p><i>A policy is in place and a database has been created to ensure that support needs for each child are identified, addressed and reviewed as needed to ensure that learning experiences meet their needs and that we make best use of all available resources. We have effective links with secondary to ensure children can access enhanced transition if necessary. All children have transition opportunities.</i></p>	<p><b>Principles</b></p> <p><i>Continue to review our Curriculum Rationale to ensure that seven principles of curriculum design underpin all planned learning experiences and are consistently used as an integral part of the quality assurance process.</i></p>	<p><b>Assessment</b></p> <p><i>All staff engage with HGIOS4 and the National Improvement Framework focusing on self-evaluation for school improvement.</i></p> <p><i>Staff continue to increase their capacity to use research and data to develop effective leadership of learning and learning and teaching to meet the needs of all learners.</i></p> <p><i>The continuous cycle of learning, teaching and assessment is underpinned by the principles of AifL.</i></p>

## Targeted Support

### *What do we want to know?*

- That staff understand how STEM can help to raise attainment and achievement, tackle inequity and develop the young workforce.
- If our approach to STEM is beginning to enhance wellbeing and improve outcomes for learning.

### *What difference do we hope to see?*

- Our STEM curriculum is being developed with a strong focus on equality, diversity, inclusion and equity.
- Effective strategies are being developed to enable all learners to achieve in STEM – this includes tailored learning for those with additional support needs.
- Increased engagement with research to help us understand gender equality and stereotyping in STEM.

### *What evidence will you gather?*

- How interactive learning experiences in STEM, including with digital technologies, are being developed to engage and motivate learners.
- How staff are sharing successes and practice to enhance learning and teaching across our setting.
- Feedback from lessons from monitoring of learning and teaching by SMT/QIO/Peers with a focus on:
  - Learner engagement in motivating and challenging inquiry-based and experiential STEM learning experiences

### *How will you gather the evidence?*

- Professional Dialogue & Self-Evaluation using the STEM self-evaluation and improvement framework & HGIOS4 (Education Scotland)
- Monitoring of learning and teaching
- Focus groups of learners – link to challenge questions in HGIOS4 – baseline/mid-point/end reviews
- Classroom Interviews
- Questionnaires/Surveys
- Monitoring and learning and teaching

## School Improvement Plan - Priorities and Outcomes: Outcome 3

What are the outcomes that you plan to achieve for your children, young people and families for this session?
