Dear Parent/Carer of Alyth Primary School

Parental Involvement and Engagement Census

We would like to know how you feel about involvement with your child's school. A new national survey asks about your involvement and engagement with your child's school and their learning. The information gathered will help the school, local authority and Scottish Government fully understand the views of parents and carers and plan how school involvement and engagement with learning can be improved.

Use this link to complete the survey:

If your children attend different schools you are welcome to complete the survey for each school.

More information can be found at:

Yours sincerely

Fiona Campbell
