

In Primary 7, skills, knowledge and understanding are developed through a range of teaching and learning opportunities. These include direct teaching, group work and a variety of independent and cooperative learning activities and experiences.

Learning Context: Earth Matters & Science

Learning Intentions

Literacy - Writing

We will be learning to:

- consistently apply basic punctuation to written texts
- consistently apply known spelling rules to written texts
- understand the effect of, and apply, more complex punctuation in written texts
- present written information in a logical way
- use written techniques to persuade the reader
- use the appropriate style and format of a leaflet to convey information
- note take

Reading

- demonstrate our understanding of a text by answering a range of questions using point, evidence, explain (P.E.E chain) structure

Listening and Talking

- make relevant notes using our own words
- use our own notes to create a new written text

French

- recapping weather and the calendar

Numeracy

We will be learning to:

- apply mental and written strategies using the four operations
- to quickly and accurately recall our tables facts
- to consolidate our understanding of place value
- to consolidate fractions and percentages learning from Term 2

Context: Information Handling & Measurement

- collect, organise and display data accurately in a variety of ways
- analyse, interpret and draw conclusions from a variety of data
- estimate and accurately measure to the nearest appropriate unit
- explore length, perimeter, area and mass using estimates and accurate measurements

Health and Wellbeing

Learning Context: Building Resilience – Get Active

We will be learning:

- to understand that being active is good for my body and mind
- to learn hobbies and interests I enjoy and make me feel good
- to understand that trying something new involves taking a risk

P.E.

Learning Context: Gymnastics

We will be learning:

- To develop our agility, accuracy, balance and coordination through a variety of new movement challenges.
- To increase our stamina, speed, strength and power through practise and consolidation of core fitness skills

Creative dance

We will be learning to:

- Create a short dance routine that demonstrates control and smooth transitions of increasingly complex movement patterns.
- Work collaboratively within a small group to produce a short video
- To reflect on my own work and the work of others and evaluate it against a shared criteria.

P.E. days are Monday & Tuesday.

How you can support learning at home: Please look at our Home Learning channel on Teams for information.

iPads: Please support your child to ensure iPads are brought fully charged to school each day.

Stay in Touch: Please get in touch by e-mail if you have any queries:
