

Looking at targeted support across the school to support all learners to achieve success. Ensuring all pupils are included and have equitable access to experiences and positive

School

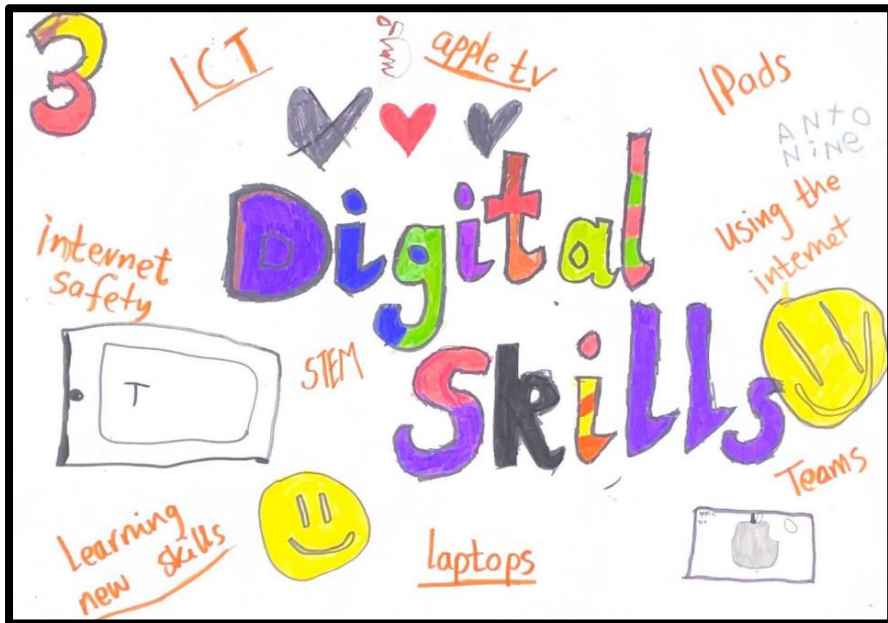

Staff working alongside pupils and partners to create and develop a curriculum which supports Antonine pupils to learn, explore and flourish.

Improvement

Plan

2024-2025

Learning and using digital technology effectively to improve learning across the curriculum at all stages and equip pupils in their digital skills development.

All Denny cluster staff working together to examine writing skills and assessment strategies. Classroom observations and pupil feedback will inform writing progress and success for all.
