

Love Autism

## Session 1

### Helping Your Autistic Child Understand Friendships

What can this 'look like' day to day for my child and how can I help?

It is extremely common for autistic children to have difficulties understanding friendships and all the complications they come with. This can often leave them feeling isolated, upset or confused.

Join me (Anne Love) for a cuppa and a natter, get to know other parents/carers and leave our session with more knowledge and understanding and the confidence to give the strategies I suggest a go.

**Where?** Crawforddyke Primary School

**When?** Tuesday 10<sup>th</sup> October 6.00pm – 7.30pm

*Anne Love is renowned in the field of autism, particularly for her work in SLC schools as an Autism Outreach Teacher. She has been working with our school and community for the last 5 years, offering support, advice and guidance.*

*This session is open to all parents and carers who have a child with autism, or who is on the neuro-developmental pathway for formal identification.*

**Any parent/carer within the Clydesdale Learning Community is welcome to attend. See you there!**
