Dear Parent/Carer

A team of inspectors from Education Scotland visited Ratray Primary School in February. During the visit, the inspection team talked to parents/carers, children, staff, school partners and the school management team.

The inspection team gathered evidence and evaluated the school's work using four quality indicators and these were measured against their [six-point scale](#). (attached). Quality indicators help schools, local authorities and inspectors to judge what is working well and what needs to be improved. Below are Education Scotland's evaluations for our school and attached is a shortened version of the inspection team's findings, a more detailed document called summarised inspection findings and the summary of our questionnaire results. All these documents can be found at [Reports page](#) | [Inspection reports](#) | [Education Scotland](#).

Quality indicators	Evaluation
Leadership of change	very good
Learning, teaching and assessment	good
Ensuring wellbeing, equality and inclusion	good
Raising attainment and achievement	good

I would like to thank all the staff, parents, community partners and pupils for the time they gave to meet with the inspection team during our inspection weeks. The school team, parent council and I are very happy with the inspection report and feel that it is an accurate representation of our school strengths and areas for development. The inspection team and are confident that our school has the capacity to continue to improve and will make no more visits in connection with this inspection.

If you have any queries or comments regarding our inspection report. Please do contact me at the details below.

Yours sincerely

Joanna Robertson
