17th February 2021

Dear Parent/Carer

Phased Return to Schools

As you will be aware, the First Minister, Nicola Sturgeon, announced on 16 February 2021 that some pupils could return to school from 22 February 2021. I appreciate this will generate some queries and questions from parents/carers, and I would wish to provide you with some clarification of what this means for your child/young person.

The Scottish Government's decision means that children in Early Learning and Childcare (ELC) and those in P1-P3 can return to classes full-time from 22 February 2021.

Some senior pupils can also return part-time to complete practical coursework, although no more than 8% of a secondary school roll is allowed to attend at any one time. This figure excludes those currently attending schools as vulnerable children or children of essential workers. Pupils who are currently attending their primary or secondary school as vulnerable children or children of essential workers will continue to do so and a separate communication will be issued to these parents/carers.

Following the Scottish Government's announcement, the arrangements for the return of your child/young person to school are attached.

I would stress the importance of following all measures we have in place within the school to ensure the safety of pupils and school staff, and I would appreciate your assistance in re-enforcing the importance of this with your child/young person.

I would wish to reassure you we will continue to support pupils who are not, as yet, required to return to school full-time through our remote learning programme. Our school staff remain committed to ensuring we provide the best possible education to all of our pupils.

The First Minister has advised there will be a further announcement on the phased return to schools on 2 March 2021 and I will update you again once the outcome of this is known.

Perth and Kinross Council updates information for parents/carers on its website

www.pkc.gov.uk/coronavirus/schools and also its Facebook and Twitter sites.

I understand this is a time of great uncertainty, and I would like to thank you for continuing to support the school and your child's education during these times. If you require any further information, please do not hesitate to contact me

Regards,

SJMcKenzie
