

## Core Learning

### **In Expressive arts**

- I will help plan and perform in an online Song Show for my family. (EXAO-01a)

### **In Health and Wellbeing**

- I will meet some of the people who will help me when I go to school. (HWB 0-20a)
- I will learn what it means to be a good friend. (HWB 0-44a)
- I will continue to be responsible and follow our keeping safe rules such as handwashing - developing my understanding of why we need to do this.

### **In Literacy**

- I will learn to hear and say some single letter sounds.
- I will learn the difference between a letter, word, and a number.
- I will explore text/simple words with matching objects. (LIT 0-21a)

### **In Numeracy**

- I will explore symmetry. (MTH 0-19a)
- I will explore measure using various items to learn about height & length. (MNU - 0-011a)
- I will explore charts and signs and create my own information one when growing my seed. (MNU 0-20c)

## **Abernethy Nursery Learning Tree**

Class: Nursery

Date: Term 4, 2021

### How can I help at home?

Explore nature, look at what is growing in your garden or the park.  
What plants/bugs can you find?  
Share books - ask questions, change the ending, add characters.....

### Nursery info this term

Wee Chit Chat (Microsoft Teams)  
Monday 7 June, 3.30pm - 4.00pm.  
(Topic and further details on how to join will be available closer to the date)

Sports Day (inhouse, as per HT's update)  
WK beg. 14 June

Song Showtime! - available to view online  
WK beg. 21 June

End of term - Thursday 24<sup>th</sup> June @  
12noon

## Interdisciplinary Learning

- I will plant my own seed and look after it. I will learn what it needs to grow successfully and be able to name the parts of my plant. I will make a chart using my measuring skills to find out how tall my plant is, and I will compare this with my friend's plants. (SCN 0-03a)
- I will meet some of the people who work in the school, either online or visiting us. I will learn what their job is and how they will help me when I go to school. (SOC 0-16a)
- I will learn about the life cycle of a butterfly and explore symmetry through looking at the patterns on a butterfly.

## Opportunities for personal achievement

- We will continue to celebrate our achievements from within and out with nursery.
- We will be using Seesaw regularly to share our learning and next steps. We will take part in transition activities with the P1 teacher and other classes to develop our experiences of meeting others within the school. We will engage in activities such as drama, dancing, and PE type games.
- We will be part of an online performance for our families.
