

Numeracy and Mathematics

Children will be developing skills in:

- Multiplication and division
- Multiplication and division number talks strategies
- Problem solving strategies
- Fractions and decimals

Work will be differentiated so that children are challenged at a pace appropriate to their learning

Homework

This year we will be focussing on reading for homework. Children are encouraged to read every day.

Some days children will be asked to read some of their school book but other days they will be encouraged to choose their own book to read for pleasure. Children can use the reading rings and the suggested reading activities sheet to help them with their understanding of the book.

Children can go on sumdog as often as they like at home to support their maths. Practising times tables would also be beneficial.

Spelling challenges will be posted weekly on sumdog and children can practice their spelling and grammar as often as they wish using sumdog or the spelling activities sheet provided.

Children will be provided with a homework jotter where they can complete any written tasks that they choose to do. This jotter can stay at home and does not need to be brought back in to school.

Literacy

Children will be developing skills in:

- Phonemes and spelling. They will use a variety of active strategies to enhance learning
- Understanding of texts using different reading strategies
- Exploring a variety of texts
- Literacy circles roles
- Using adjectives to develop and enhance writing
