Robert Owen Memorial Primary School Primary School Handbook Information 2022-2023

Contents

1. **Introduction**
2. **About our School**
3. **Parental Involvement**
4. **School Ethos**
5. **The Curriculum**
6. **Assessment and Tracking Progress**
7. **Reporting**
8. **Transitions (Change of school / Placing requests)**
9. **Support for Pupils (Additional Support Needs)**
 - **Getting it Right for every child**
 - **Enquire**
 - **Attachment Strategy**
10. **School Improvement**
 - **Pupil Equity Funding**
11. **School Policies and Practical Information**
 - **Nursery**
 - **Free meals**
 - **Uniform/dress code**
 - **Clothing Grant**
 - **Transport**

If you need this information in another language or format, please contact us to discuss how we can best meet your needs.

Head Teacher's Introduction

Dear Parent / Carer

This handbook has been written to give you some factual information about Robert Owen Memorial Primary School while reflecting the aims and principles upon which our approach to education is based.

We aim to foster an ethos which makes our school a place,

- where people learn,
- where respect and caring for others is at the centre of our community,
- where each individual is valued,
- where responsibility is shared,
- where people feel safe.

Children have two main educators in their lives, their parents and their teachers. Parents, of course, are the prime educators and remain a major influence on their children's learning throughout school and beyond. The school and parents both have crucial roles to play.

At Robert Owen Memorial Primary School, all staff believe strongly in the principle of partnership between themselves, children and parents and we aim to work together to provide the best possible provision for meeting the educational needs and personal and social development of all children in our school.

I hope that you will find our handbook both interesting and helpful.

Please get in touch if you would like any further information. We will be delighted to help you.

Yours sincerely

Mrs Margo Thomson
Head Teacher

South Lanarkshire Council is the fifth largest authority in Scotland. It covers the following main areas; Clydesdale in the south which features extensive rural areas, Cambuslang, Rutherglen, Blantyre and Uddingston to the north as well as the towns of East Kilbride and Hamilton.

The Council's Plan Connect sets out the Council's vision which is, "to improve the quality of life for all within South Lanarkshire".

For Education Resources this means delivering services of the highest quality as well as striving to narrow the gap. It is about continually improving the services for everyone at the same time as giving priority to children, young people, families and communities in most need. The priorities for schools and services are set out in the Education Resources Plan which confirms the commitment to provide better learning opportunities and outcomes for children and young people.

About Our School

Robert Owen Memorial Primary School
Smyllum Road
Lanark

Mrs Linda Russell
Rev Bryan Kerr

If you wish to contact the school you can do this in the following ways:

By Phone:

If you have a concern about your child please phone the school and ask to speak to a member of the Senior Leadership Team. Your concern will be logged and investigated. A member of the Senior Leadership Team will make contact with you later that day or the following day to explain the findings.

In Person:

If you prefer to speak to a member of the Senior Leadership Team in person please phone and make an appointment. The concern will be logged and investigated. A member of the Senior Leadership Team will phone you later to talk through the investigation or if you prefer you can return to school for a follow up meeting.

Attendance at School

It is important for the school to work with parents in encouraging all children to attend school. All absences from school are required by law to be recorded. Absences will normally fall under two categories – authorised or unauthorised absence. In cases where your child is unable to attend school, parents are asked to follow the procedures below.

- If you know in advance of any reason why your child is likely to be absent from school, please let us know in writing.

- Notify the school first thing in the morning when your child is going to be absent. Let the school know the likely date of return and keep them informed if the date changes. When your child returns to school, please provide a letter detailing the reason for the absence.
- Inform the school of any changes to the following:
 - Home telephone number
 - Mobile number
 - Emergency contact details

Holidays During Term Time

Schools will not normally give a family permission to take pupils out of school for holidays during term-time. This means that if your child is off school because you are away on holiday the school will record this as an **unauthorised absence**. It is up to education authorities to decide what sanctions they will use if there is an unauthorised absence.

There are some circumstances where permission might be given for a holiday during term-time. This would include when:

- A family needs time together to recover from distress.
- A family holiday is restricted to term-time because of the parent's job (for example a parent is in the armed services or emergency services).
- There are other circumstances considered to be exceptional.

Complaints Procedure

You can make your complaint in person, by phone, by email or in writing. We will always try to deal with your complaint quickly however if the matter will need a detailed investigation we will keep you informed of our progress.

We take all complaints seriously and will make every effort to make sure they are dealt with appropriately. If however, you are not happy with the way a complaint has been dealt with, the Head Teacher will invite you to contact Mrs Kathleen McCormick (Quality Improvement Officer) at South Lanarkshire Council Headquarters.

School Visits

If you are seeking a place for your child in Robert Owen Memorial Primary School, please phone the school to make an appointment with the Head Teacher. She will show you and your child around the school, explain the enrolment procedures and offer you a school handbook. She will outline school procedure, details regarding school uniform and answer any questions you may have about the placement.

Parental Involvement

South Lanarkshire Council recognises the importance of parents as partners in the education of their child and has published a strategy entitled, 'Making a difference – working together to support children's learning'. This is available from the Council's website:

www.southlanarkshire.gov.uk/downloads/file/13457/parents_as_partners_-_strategy_2019

Parents, carers and family members are by far the most important influences on children's lives. Children between the ages of 5 and 16 children spend only 15% of their time in school! Research shows that when parents are involved in their child's learning, children do better at school and throughout life. Parental involvement can take different forms but we hope you share the same aims and agree that by working together we can be partners in supporting children's learning.

As a parents/carers we want you to be:

- Welcomed and given an opportunity to be involved in the life of the school;
- Fully informed about your child's learning;
- Encouraged to make an active contribution to your child's learning;
- Able to support learning at home;
- Encouraged to express your views and involved in forums and discussions on education related issues.

To find out more on how to be a parent helper, or a member of the Parent Council and/or the Parent Teacher Association just contact the school or visit our website.

Some useful information contacts for parents to find out more on education are as follows:-

- Parentzone – www.parentzonescotland.gov.uk
- Engage Parent Forum – www.engageforeducation.org
- National Parent Forum for Scotland – www.educationscotland.gov.uk/parentzone
- South Lanarkshire Council – www.southlanarkshire.gov.uk

School Ethos

Ethos is the overall feeling and nature of a school. A positive school ethos can significantly impact on the health and wellbeing of pupils and staff. The ethos includes the atmosphere in the school, relationships between pupils, staff, families and the wider community, the school building and grounds, the sense of welcome and positive learning in the classroom.

Features of our positive school ethos include:

- A strong sense of community
- Good interpersonal relationships
- Appropriate pastoral care for pupils and staff
- An atmosphere that encourages citizenship
- Pupil voice
- Pupil participation in decision management

In Robert Owen Memorial Primary School we recognise that the starting point for learning is a positive ethos and climate of respect and trust based upon shared values across the school community, including parents of children and young people.

Here is our vision, our values, our aims and motto for the school. They were developed in consultation with pupils, staff and parents.

'Our vision at ROMPS is that we all work together so that all pupils develop skills for learning, life and work to become all they can be in an inclusive, welcoming and supportive environment.'

Our motto is:

'Dream, Believe, Achieve'

Our Values are:

Respectful, Hardworking, Happy, Kind, Confident, Safe

We aim to:

- meet the needs of all learners in a safe and nurturing environment where everyone feels valued.
- provide children with opportunities to explore and develop transferable skills successfully.
- create and maintain purposeful links with the whole school community in order to achieve our vision.
- foster respectful attitudes by celebrating diversity.
- build learners' skills and knowledge for learning, life and work in the 21st Century.

Pupil Comments about their school:

We can lead our own learning. Teachers listen to our ideas and we can decide how we learn and what we learn.

All the awards we have won and our ECO flags are displayed.

Staff and pupils help one another.

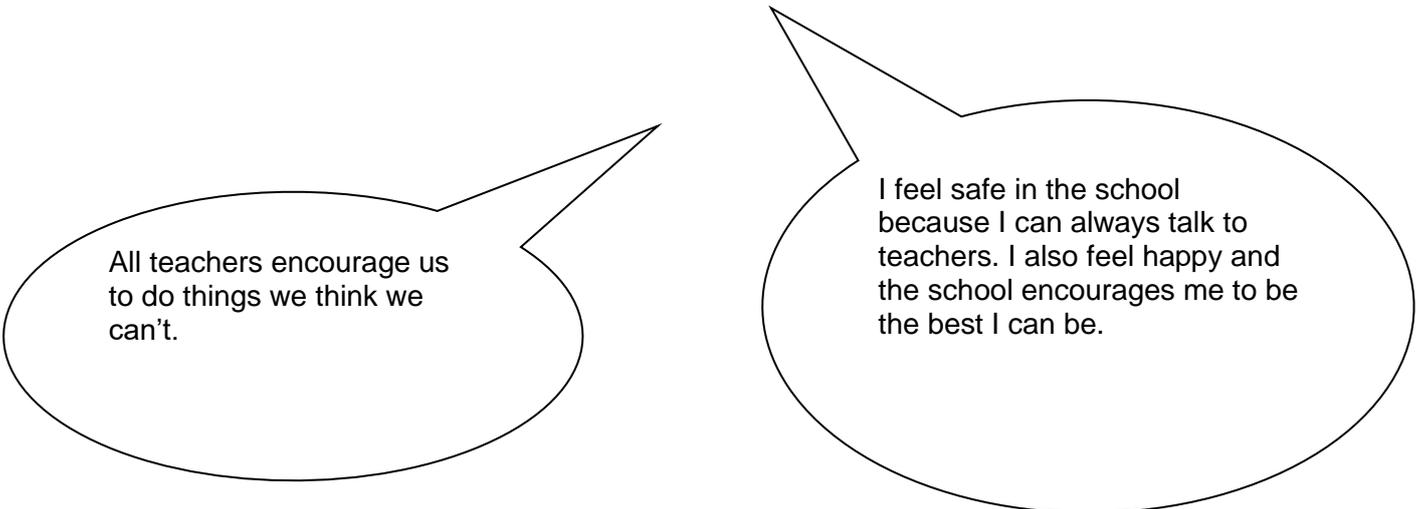

All the staff in the school are very nice.

"The school is a really positive and friendly place to be."

"The teachers are good and make you work hard to make sure we are learning lots of new things."

All staff pass on a nice smile.

Pupils have a voice through working parties and councils.

All teachers encourage us to do things we think we can't.

I feel safe in the school because I can always talk to teachers. I also feel happy and the school encourages me to be the best I can be.

Rights Respecting School:

In June 2014 Robert Owen Memorial Primary School achieved Level 1 award as a Rights Respecting School. We were commended on the mutual respect shown by pupil/pupil, staff/pupil and staff/staff.

It is a requirement of the Children and Young People (Scotland) Act 2014 that *public bodies encourage and support children's rights and here in South Lanarkshire the Making Rights Real is a framework for Rights Based Learning, created to support schools to meet this requirements and to support teachers to deliver Rights Based Learning in the classroom.

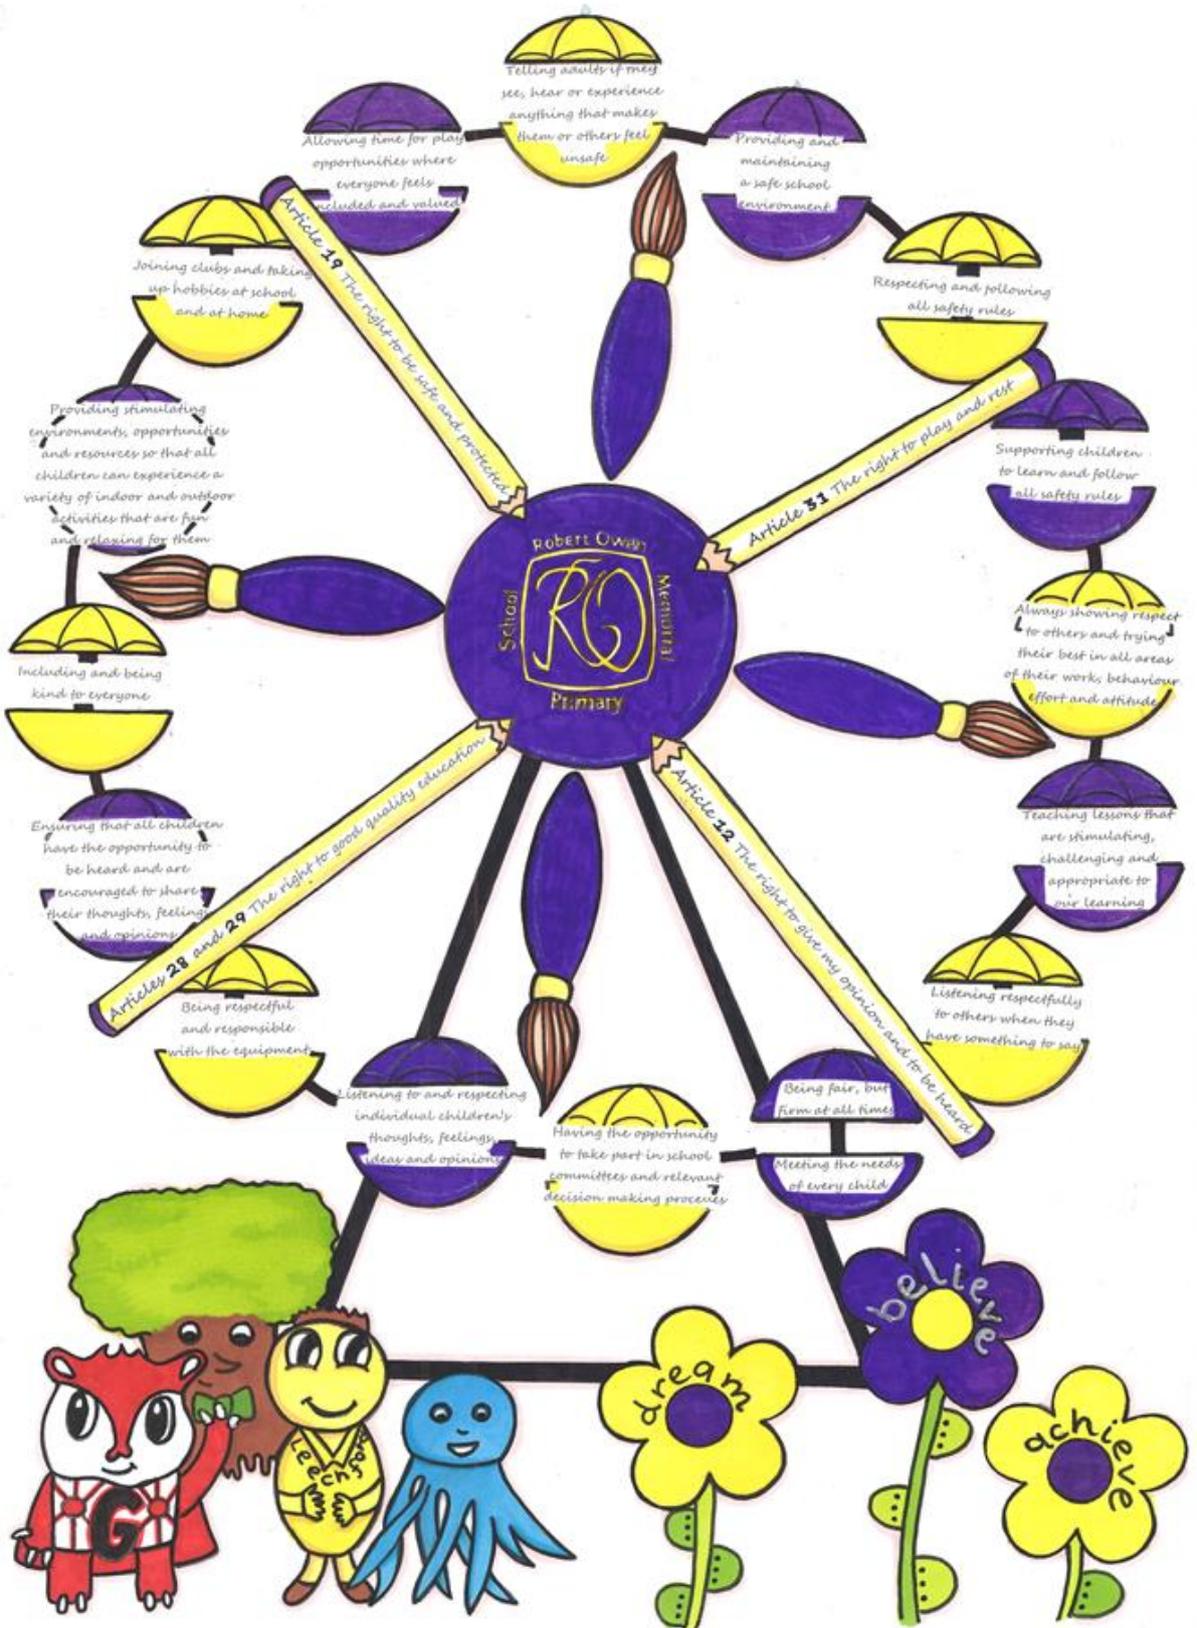

We believe that the benefits of Rights Based Learning are many, that they should impact positively on the wellbeing of pupils and adults, on the ethos of the school and should enable children to attain and achieve in an environment that promotes the ethos of respect and dignity.

The five key areas of Rights Based Learning are as follows

- Rights: What they are
- Rights: Pupil participation
- Rights: Within learning and teaching
- Rights: Across the school
- Rights: In the community and the world

Our School Charter:

The Making Rights Real Committee worked with all members of the school community in 2018 to create and design a school charter. Our school charter is the guidelines that we all agreed on for our school to highlight to all children that they have certain rights. These rights are important as they help to keep us safe and happy while we receive our education. In the design we incorporated important aspects of life in our school and rights that we felt were most relevant to us each day. We are very proud of the finished result.

School Charter

| Pupils can respect each other's Rights by: | Children's Rights from the UNCRC | Adults can respect our Rights by: |
|--|--|---|
| <p>Telling adults if they see, hear or experience anything that makes them or others feel unsafe</p> <p>Respecting and following all safety rules</p> | <p>Article 19 The right to be safe and protected</p> | <p>Providing and maintaining a safe school environment</p> <p>Supporting children to learn and follow all safety rules</p> |
| <p>Always showing respect to others and trying their best in all areas of their work, behaviour, effort and attitude</p> | <p>Articles 28 and 29 The right to a good quality education</p> | <p>Teaching lessons that are stimulating, challenging and appropriate to our learning</p> <p>Being fair, but firm at all times</p> <p>Meeting the needs of every child</p> |
| <p>Listening respectfully to others when they have something to say</p> <p>Having the opportunity to take part in school committees and relevant decision making processes</p> | <p>Article 12 The right to give my opinion and to be heard</p> | <p>Listening to and respecting individual children's thoughts, feelings, ideas and opinions</p> <p>Ensuring that all children have the opportunity to be heard and are encouraged to share their thoughts, feelings and opinions</p> |
| <p>Being respectful and responsible with the equipment</p> <p>Including and being kind to everyone</p> <p>Joining clubs and taking up hobbies at school and at home</p> | <p>Article 31 The right to play and rest</p> | <p>Providing stimulating environments, opportunities and resources so that all children can experience a variety of indoor and outdoor activities that are fun and relaxing for them</p> <p>Allowing time for play opportunities where everyone feels included and valued</p> |

Life of the School:

Our children are encouraged to contribute to the life and work of the school and, from the earliest stages, to exercise their responsibilities as members of the community. Our children are encouraged to exercise their right to participate in decision making that affects them. We believe all children regardless of their age or ability can offer experience and knowledge, new perspectives, skills, time and both creative and practical ideas. They are encouraged to contribute as leaders and role models, to offer support and service to others and to play an active part in putting the values of the school community into practice.

Pupil Council:

We have an active Pupil Council which enables young people to play an important role in school life and help in various different ways, for example:

- to enable a two-way process of consultation between pupils and staff
- provide formal means for pupils to raise issues
- consult pupils on major issues that will affect them
- help raise pupil morale
- make a positive contribution to the school ethos.

Committees:

All children are developing as effective contributors, responsible citizens and confident individuals by fully contributing to the life of the school and the wider community. Children have active roles in the various committees and working parties throughout the school, e.g. Eco/Health Committee, Making Rights Real Committee, Pupil Council, Leaders of Languages, JRSO, Play Activity Leaders, Sports Committee, Romps Royal Readers and Makaton Masters. These committees meet regularly and have staff and parents on them as well in order to gain the views of all stakeholders.

Celebration of achievement:

Achievement is celebrated daily in all classrooms and on our school Twitter page. Achievements are also celebrated monthly at whole school assemblies and in each monthly SWAY.

All children are offered opportunities to participate in various after school clubs to enhance their skills and develop their interests.

Promoting Positive Behaviour

Pupils at Robert Owen Memorial Primary School and in our Early Learning and Childcare (ELC) setting are encouraged to display positive behaviour throughout the school. To ensure pupils have every chance of achieving this goal, we have revised our Promoting Positive Behaviour system.

As with everything we do in school, the success of this approach depends very much on support from parents/carers. I hope that the information included below will help you understand how the approach is used and will enable you to support and encourage your child's positive behaviour at school.

At Robert Owen Memorial Primary School and in our Early Learning and Childcare setting, we have a School Charter, which helps all of us understand our rights and responsibilities. This is based on the United Nations Convention on the Rights of the Child (UNCRC), which sets out the basic requirements for a safe learning environment.

The key components that underpin our new Promoting Positive Behaviour programme are:

- Emotion Works Cogs to help us deal with our emotions,
- Our School Values to help make school a positive experience for everyone,
- Our School Charter to help us understand our rights and responsibilities.

We understand at times, situations may arise where some children may require adult support with displaying positive behaviour. Therefore, teachers will use the Emotion Works cogs to talk children through how they are feeling.

If children are displaying unacceptable, dangerous or outrageous behaviour, the Senior Leadership Team will discuss their actions and decide on the consequence.

Examples of such behaviour include:

- fighting,
- pushing,
- kicking,
- swearing,
- stealing,
- using inappropriate language,
- lying,
- spitting or biting.

Consequences may include a phone call home, which may result in parents/carers being invited to come to school to discuss the issue further, missing a playtime or completing their work with a member of the Senior Leadership Team.

Through “Fun 31”, which will take place every Friday from 2:00pm – 2:45pm, we will be promoting Article 31 of the UNCRC - ‘*All children have the right to play*’. All children will choose a fun activity within their Zone where skills will be developed over a period of four weeks.

At the end of each term, all children will participate in TERMTACULAR. This will be a fun experience where they will participate in an activity being offered within their Zone.

In order to promote positive behaviour further throughout the school and ELC, we have introduced a new House Points initiative.

All members of staff, including Teachers, Support Staff, Early Years Practitioners, the Janitor and Cafeteria Staff, will look for children who display our school values and follow the school charter each day. Staff will issue children with a house token to deposit into the House Token Collector. This is situated outside the main office.

Restorative Practice:

In Robert Owen Memorial Primary we are committed to using Restorative Practice techniques in the school particularly when dealing with challenging behaviour and conflict. It focuses on building and repairing relationships rather than on managing and controlling behaviour.

It is really about asking the following questions:

- What happened?
- What were you thinking?
- How did you feel?
- Who else has been affected?
- What do you need/to do?

The emphasis on ‘we’ is crucial, because it implies that all those affected by what has happened are also involved in finding the way forward.

School Houses

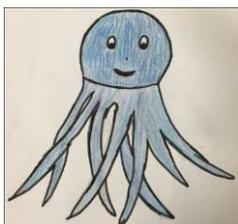

There are 4 houses set up in school. These are Bonnington,

Glenburnie, Leechford and Oakwood. All houses have great historic significance to Lanark as they are named after 4 of the march stones.

Each child is a member of one of these houses and has been given a badge to wear to show their support for their house. Children from the same families are in the same house. Children should wear badges to school every day. A house point will be awarded each day to each child who wears his/her house badge.

Each house has its own mascot, which the children named and designed themselves:

Bobington is the mascot for **Bonnington**,

Glenn is the mascot for **Glenburnie**,

Leo is the mascot for **Leechford**,

while Oak man represents **Oakwood**

Children in Primary 7 are given the opportunity to put themselves forward for the role of House Captain or House Vice-captain. Those interested complete an application form and speak at assembly to persuade their fellow house members to vote for them. After this all children in each house are given the chance to vote for who they want as their house's Captain and Vice-Captain. These children are presented with their Captain and Vice-Captain badges. Captains and Vice Captains take ownership of house activities on House Days and monitor points awarded throughout the year.

The house system gives children the opportunity to work with children of all age groups. Children will work individually and as a team to earn points for their house.

House points are awarded each day. Children will earn one house point for wearing house badges.

Opportunities for children to receive points occur daily in school.

A House Day will take place each term. Inter-house competitions will take place on these days allowing children to work as a team to earn points for their house.

At the end of each week, house points are totalled and announced at assembly.

At the end of the year points will be tallied up and the winning house will win the House trophy. Other trophies will also be presented to the winning houses for the different competitions held throughout the year, e.g. Inter-house Quiz.

The Curriculum

Curriculum for Excellence is the name given to the curriculum in Scotland for all children and young people aged 3-18. It is a forward looking, coherent, more flexible and enriched curriculum that provides young people with opportunities to engage with the knowledge, skills and attributes they will need to flourish in life, learning and work, now and in the future.

The curriculum includes all of the experiences that are planned for children and young people to support the development of their skills, wherever they are being educated, for example in the family and community, pre-school centre, nursery and school. This broad, general education will allow them to become successful learners, confident individuals, responsible citizens and effective contributors to life in the 21st century.

In taking this forward our school will work closely with South Lanarkshire Education Resources and other services to enrich the curriculum, to provide the best possible education for all children and young people. We wish you to feel confident that your child is encouraged and supported to develop their literacy, numeracy and other skills whilst they attend our school. The curricular areas are as follows:

- Expressive arts
- Languages and literacy
- Health and wellbeing
- Mathematics and numeracy
- Religious and moral education
- Science
- Social studies
- Technologies

If you want to know more about Curriculum for Excellence, please visit visit [Scotland's Curriculum for Excellence \(scotlandscurriculum.scot\)](http://Scotland's Curriculum for Excellence (scotlandscurriculum.scot))

Our learning and teaching activities are based on the outcomes and experiences in the guidelines that all schools have for Curriculum for Excellence.

| Level | Stage |
|--------------|---|
| Early | The pre-school years and Primary 1 or later for some. |
| First | To the end of Primary 4, but earlier or later for some. |
| Second | To the end of Primary 7, but earlier or later for some. |

Languages and Literacy

Our Language programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence which aims to provide a firm basis for coherent progressive teaching in Language and Literacy.

The Languages and Literacy curriculum has three organisers: Listening and Talking, Reading and Writing. Our programmes use a range of materials and sources to provide the wide variety of stimuli which enable children to make progress in an interesting and pleasurable way.

At Early and First levels, the children are taught to read using the Oxford Reading Tree scheme. This programme covers a wide range of fiction and non-fiction providing a great variety of reading material which covers all skill areas and motivates children to read. The majority of our reading materials are book banded. Book banding is a system which organises books in level of difficulty. This is useful for both pupils and parents as it ensures an adequate level of challenge and allows parents to complement their child's reading out of school as banded books are readily available in the shops and libraries. As the children progress through First level and onto Second Level, Literacy World and novels are used as well as a wider range of texts to further their skills in reading and also provide a context for learning.

The technical skills of reading are taught through a balance of phonics and 'Look and say' approaches. Grammar is taught using a variety of approaches which are active and interesting.

Our children are given the opportunity to listen to a variety of text through the Pie Corbett Reading Spines.

From P1-P7, our children are taught spelling strategies and rules through the Active Literacy programme, such as Diacritical marking and Syllabification.

Children's writing skills are developed using a range of genre and where possible are linked to interdisciplinary topics.

A reference library has been established and each class has a selection of fiction books which are available for children to choose from. The children are encouraged to read for pleasure as well as for researching information.

Modern Languages

Today's children are growing up in a multilingual world and the ability to communicate effectively in social, academic and commercial settings is crucial if they are to play their full part as global citizens. In line with Scottish Government's 1+2 strategy all children across the school and nursery are taught French.

Mathematics and Numeracy

Our Mathematics programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence. It aims to present mathematics as a problem solving activity supported by a body of knowledge which will help children understand the world and prepare them to act effectively in work and in recreation.

Our school programme seeks to establish mathematical concepts and skills through carefully planned practical activities and to provide continuous consistent development. The materials used are designed to be flexible in use for class, group or individual teaching and include work on problem-solving and enquiry, information handling, number, money and measurement and shape, position and movement.

During maths lessons each day, the teachers use interactive teaching methods which include a daily session of mental maths activities to develop effective mental strategies and mental numeracy skills, such as Number Talks.

Digital Technology is an integral part of our Mathematics Programme with a wide variety of activities for all stages being available.

Social Subjects

Our programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence and is designed to ensure that learning involves activity and experiment, and that teaching and learning develops pupil's skills rather than simply remembering facts. Through the study of Social Subjects, children learn about the world in which they live and develop a range of skills in order to investigate and understand their environment. As they mature the children's experiences will be broadened using Scottish, British, European and wider contexts for learning, while maintaining a focus on the historical, social, geographic, economic and political changes that have shaped Scotland. We hope that they will also develop informed attitudes to environmental issues and to their own health and wellbeing.

Local Studies are strongly encouraged since they provide children with first hand experience and opportunities for field work. Throughout their studies children are given the opportunities to compare and contrast their own environment and culture with others.

Science

We use the applications of Science every day in our lives at school, at leisure and at home. Our Science programme seeks to follow the guidance set out in the experiences and outcomes of Curriculum for Excellence. This programme is aimed to develop the children's interest and understanding of the living things, materials and the physical world as well as topical science. They engage in a wide variety of investigative tasks which they do collaboratively with their peers. This allows them to develop skills of creativity as well as developing their enterprising and inventive skills.

Technologies

The technologies framework provides creative, practical and work-related experiences and outcomes which can be applied in business, digital literacy, computer science, food, textiles, craft, design, engineering, graphics and applied technologies. This curriculum offers a rich context for developing the skills that are recognised as being important for success in the world of work. It provides challenging activities which involve research, problem solving and exploration. It allows learning to take place through the creation of products which have real applications.

Expressive Arts

Art & Design

The aim of our arts programme is to cultivate an appreciation and enjoyment of the visual arts as well as enabling our children to use graphic arts as an expression of personality and as a means of communication. Our programme provides opportunities to develop the concepts of line, shape, form, colour, tone, pattern and texture whilst developing skills through a variety of activities including painting, drawing, collage, modelling and fabric work.

Children are offered opportunities to work independently or in a group and to be involved in discussion and decision making to help them respond both to their own work and to that of other artists.

A visually stimulating environment is provided in our school by attractive displays of children's work and by changing displays of artefacts and pictures.

Music

Our music programme includes listening, singing, playing and movement activities. These activities are developed using a range of resources which fulfil the experiences and outcomes outlined in Curriculum for Excellence

The aim of our musical programme is to enable children to experience and enjoy music making and to develop an informed interest and response to music.

Primaries 5-7 enjoy and benefit from specialist music tutors who take the children for tuition throughout the year.

Primary 5 also enjoy working with the Youth Music Initiative Specialist for a 20 week block throughout the session.

Drama

Drama consists of three broad based categories of activity; language-based, movement-based and theatre-based. Through these activities, a variety of skills can be promoted.

Language based activities include both talking and listening in a variety of contexts, as a class or in groups, both as self and when playing a part.

Movement based activities, include movement and the observation of movement.

Theatre based activities, whether from a script or unscripted, involve children both in performing and in watching others perform.

Dance

Through dance, the children have rich opportunities to be creative and to experience inspiration and enjoyment. Taking part in dance contributes to the children's physical education and physical activity.

At Robert Owen Memorial Primary School we provide a lunchtime dance club to prepare for the participation in the Clydesdale Dance Festival.

Health and Wellbeing

Our Health and Wellbeing Curriculum reflects a holistic approach to promoting the health and wellbeing of our pupils that is consistent with the UNCRC, which sets out the right of all children to have access to appropriate health services and to have their health and wellbeing promoted.

Good health and wellbeing is central to effective learning and preparation for successful independent living. We aim to provide a school environment where all children feel happy, safe, respected and included and where all staff are proactive in promoting positive behaviour in the classroom, playground and in the wider school.

To achieve this we work together as a school team and with partners to plan our programmes for health and wellbeing explicitly, taking account of local circumstances and individual needs.

Health and Wellbeing across learning - Responsibility for All

Every adult in the school community has the responsibility for creating a positive ethos and climate of respect and trust, one in which everyone can make a positive contribution to the wellbeing of each individual within the school and the wider community.

These responsibilities are set out in the introductory statements of the Curriculum for Excellence but include:

- every adults responsibility to establish open, positive, supportive relationships across the school community where children and young people will feel that they are listened to and where they feel secure in their ability to discuss sensitive aspects of their lives
- in promoting a climate in which children feel safe and secure
- in modelling behaviour which promotes health and wellbeing and encouraging it in others through using learning and teaching methodologies which promote effective learning
- by being sensitive and responsive to the wellbeing of each child

Practical responsibilities include understanding of anti-discriminatory, anti-bullying and child protection policies by all staff and knowledge of the steps to be taken in any given situation, including appropriate referral.

Our Focused Programmes

Healthy Schools - Food and Health, PEPAS, Healthy Lifestyles

- Mental, social, emotional and physical wellbeing
- Planning for choices and changes
- Substance misuse

To support learning in the above areas of the HWB curriculum we use the Healthy Schools framework. Healthy Schools is a framework that guides the teaching and planning, tracking & monitoring and evaluation of Health and Wellbeing education. It supports co-ordination across the school and progression throughout the learner journey. It is a particularly good resource as it is flexible and adaptable to individual needs as it provides teachers with options from suggested activities, external resources, web links to additional information and links to relevant physical resources & materials from NHS Lanarkshire resource Library. The Health & Wellbeing Experiences and Outcomes are brought together into groups and aligned with the wellbeing indicators. One of the indicators is focused on each month and taught through the theme and outcomes for that month.

RSHP

The Scottish Government is committed to ensuring that all children receive high quality relationships, sexual health and parenthood education (RSHP) in order to respect, protect and fulfil their human rights as they grow up. We are committed to working with children along with parents, carers and staff to make this a reality here in Robert Owen Memorial Primary School in order to create a more positive culture around relationships, sexual health and parenthood in our community.

RSHP education is a key part of Health and Wellbeing within Curriculum for Excellence. RSHP education focuses on equipping children and young people with the knowledge, skills and values to make informed and positive choices about forming relationships. It can assist with making safer decisions about their sexual and emotional health and wellbeing in a responsible and healthy manner, as an important part of preparation for adult life. Children and young people develop an understanding of how to maintain positive relationships with a variety of people and are aware of how thoughts, feelings, attitudes, values and beliefs can influence decisions about relationships and sexual health. They also develop an understanding of the complex role and responsibilities of being a parent or carer.

High priority is given to the provision of good quality RSHP education in all Scottish schools, based on good practice and informed by evidence. The new RSHP resource has been designed to make sure that information about relationships, sexual health and parenthood is not given in isolation but as part of a programme that considers a range of issues relating to personal and social development, healthy living, values and beliefs which reinforce self-worth, respect for others and a sense of responsibility. This is the resource that we are now using to deliver this part of the curriculum in partnership with parents and carers.

You can find out more information here. Please contact the school if you have any questions.

<https://rshp.scot/>

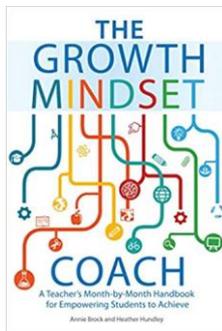

Practical Mindset – The Practical Mindset Toolkit

Practical Mindset supports children, young people and adults to develop healthy self-belief and coping strategies; to identify and celebrate their unique traits, treating themselves and others with love, respect and kindness.

Practical Mindset is founded by Jill Trevena, specialist occupational therapist. Practical Mindset aims to provide practical strategies and resources for positive and proactive mental wellbeing.

Each month we focus on a different aspect of a practical mindset, with the children learning skills to manage thoughts, feelings and states and experiencing content which they can immerse themselves in, grow and make positive changes as a result of. Ask your child what they have been learning, they may just have a few tips they could share with you, to help you relax or grow your mindset.

Mindset Mantra

As soon as children become able to evaluate themselves, it is believed that some of them become afraid of challenges. They become afraid of not being smart! There are two mindsets, the fixed and the growth mindset that exist in us all and whether we choose to view various aspects of our lives through the lens of the growth or the fixed mindset can make a big difference.

The ethos of 'The Growth Mindset' is embedded into our HWB curriculum and staff are encouraged to develop this in our pupils using monthly mantras, creative lessons, empowering messages and real life stories to meet our core objectives of fostering a growth mindset in our classrooms and motivating all of their pupils to believe in themselves and their ability to achieve their dreams.

5 Ways to Wellbeing

To help build resilience, boost wellbeing and lower the risk of developing poor mental health we encourage our children to engage in five simple things that they can do as part of their daily life – at school and at home. These simple actions are known internationally as the Five Ways to Wellbeing.

The Five Ways to Wellbeing are – Connect, Be Active, Keep Learning, Give, and Take Notice.

- Connect with the people around you, with family, friends and neighbours because strengthening relationships with others and feeling close to and valued by others is critical to boosting wellbeing.
- Keep Learning: Try something new, rediscover an old interest or take on a new responsibility because being curious and seeking out new experiences positively stimulates the brain.

- **Be Active:** Go for a walk or run, step outside, spend time in the garden, play a game because being physically active, improves physical health and can improve mood and wellbeing.
- **Give:** Do something nice for a friend or classmate, thank someone, volunteer your time because carrying out acts of kindness, whether small or large, can increase happiness, life satisfaction and general sense of wellbeing.
- **Take Notice:** remark on the unusual, notice the changing seasons or savour the moment because paying more attention to the present moment, to thoughts and feelings and to the world around, boosts our wellbeing.

Emotion Works

Emotion Works is a visual and colourful educational programme that puts learning at the heart of emotional health and wellbeing. It is designed to help children...

- Learn emotional language
- Develop emotional understanding
- Manage feelings and emotional behaviours
- Develop resilience

We use the Emotion Works programme at every stage in Robert Owen Memorial Primary School from our Early Learning and Childcare Centre through to our P7 classes. This has created a common emotional language and allows our school community to have a consistent approach when discussing emotions.

In lessons, we develop our understanding of the different “cogs” that are involved in emotional situations. This ‘Cog Model’ framework identifies seven categories of emotional knowledge and competence that link together to help show how ‘emotion works’ and the links between the different cog categories demonstrate the causal connections between concepts such as emotion triggers, body sensations, emotion behaviours, intensity and regulation strategies.

Emotion Works is used to make connections across the curriculum and adds depth to our drama, art, reading and writing activities. It helps our children to recognise and label emotions and identify associated body sensations, behaviours, possible triggers and emotional regulation strategies. We often use stories, films, drama and art as a stimulus and then our children can make their own connections to themselves and the world around them.

Physical Education

Our programme for physical education, which includes an indoor session and an outdoor session, offers opportunities for children to experience a combination of physical activities such as games, athletics, active health, swimming, team sports and outdoor education.

Programmes are planned for individual classes which include an appropriate form of physical ability for all pupils. Through these programmes we aim to give children the ability to develop a positive attitude to an active lifestyle, to build and maintain a healthy body, to develop confidence and self-esteem and to develop knowledge through physical experience.

Active Schools

A programme is in place to support and develop delivery of physical education experiences. The Active School Co-ordinator organises a range of activities for the children, some which take place during school hours and others which are organised to take place after school.

Religious Education

Through our programme we aim to enable pupils to appreciate moral values such as honesty, liberty, fairness and concern for others. We also aim to develop self-awareness, relationships with others and help children develop an understanding of the beliefs, values and practices of Christianity and other world religions.

Reverend Bryan Kerr is a regular visitor to the school and he assists in the delivery of the Christianity section of the programme.

We also encourage the pupils to develop a positive self-image by coming to their own understanding of the meaning, value and purpose of life through a process of personal search, discovery and critical evaluation.

Interdisciplinary Working

Curriculum for Excellence includes space for learning beyond subject boundaries, so that children can make connections between different areas of learning.

In order to meet the experiences and outcomes in Curriculum for Excellence, some topic work will be done in an interdisciplinary way. Literacy, Numeracy and Health and Wellbeing will permeate the whole curriculum. There is an emphasis on Collaborative Learning and Responsive Planning where the pupils have a say in what they would like to learn and how they are going to learn.

Homework

At Robert Owen Memorial Primary School we believe in the importance of developing a love of reading. In order to do this it is vital that time is spent hearing reading, looking at key words and developing comprehension in what is being read. As a Silver Reading School, we have made reading and reading based activities a focus of our homework. This has been very well received across the school with pupils and parents and we hope that this enthusiasm will further encourage the children to be inventive and creative in their reading diet.

Eco Schools

Robert Owen Memorial Primary School participates in the Eco-Schools programme; an international initiative designed to encourage whole school action for the environment, and to raise awareness of local and global environmental, and sustainable development issues. It is a recognised award scheme that accredits schools who make a commitment to continuously improve their environmental performance. Three award levels are available: Bronze, Silver and Green Flags.

There are seven elements to the Eco-School programme, all of which must be maintained by the school: Eco-Committee, Environmental review, Action Plan, Monitoring and Evaluating, Links to the Curriculum, Involving the Wider Community and the Eco Code. In developing each of these elements, the school encourages participation from pupils, teaching and support staff, parents and members of the local community.

There are 10 topics which can be addressed: Litter, Energy, Health and Wellbeing, Waste Minimisation, Transport, Biodiversity, School Grounds, Water, Food and Sustaining our World. Of these, the Litter topic is mandatory.

We achieved our first Green Flag in 2012, our second in 2015, our Third in June 2017, our fourth in June 2019 and our 5th one in June 2021.

In the 2019-2021 session we were working on the topics of Litter, Biodiversity and Transport.

From 2021-2023 we are working on Litter, Global Citizenship and Food and the Environment.

We hold an Eco Day each term where everyone is involved in Eco developments across the school.

An Eco Schools Notice Board is in our school foyer. This displays information and photographs of the steps we take to continue to maintain our Green Flag status.

Spiritual, social, moral and cultural values (religious observance)

Education Resources has produced guidelines on Religious Observance Policies and these are available in all establishments.

With reference to the Education (Scotland) Act 1980 parents may withdraw their children from Religious Education. The Head Teacher will make arrangements for this should it be required.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted and the pupil noted as an authorised absentee in the register.

Assessment and Tracking Progress

Assessment is central to the learning and teaching process.

We want to share with you on how your child's learning is progressing. At Robert Owen Memorial Primary School we do this through the use of a variety of formative and summative assessments. Teachers use a range of informal assessment, based on their observations of the child's daily work, assessment activities and where appropriate standardised tests in such areas as reading, writing and numeracy.

Recent research has shown that children learn better when they learn together, set their own targets and evaluate and assess their own work. We incorporate this methodology into our curriculum and foster formative assessment strategies which are in line with Curriculum for Excellence.

Pupils' progress is tracked and monitored regularly through forward plans and a robust tracking system. These help to plan future learning.

Reporting

We will provide parents with reports so that you can see what your child is doing and how they are progressing. In addition, there will be parents' meetings which offer you the opportunity to discuss how your child's progressing and how you can contact the school if you wish further information. The school will offer you an appointment time so that you can visit in person to discuss your child's education.

Our 'learner reports' will help you to get to know more about the curriculum which each child follows and will describe their strengths, achievements and areas for development so you know what encouragement and support you can give.

We welcome any comments or additional information from parents to help us provide the best possible education for your child.

Transitions

Pupils normally transfer from primary to secondary school between the ages of 11½ and 12½, so that they will have the opportunity to complete at least 4 years of secondary education. Arrangements are made by the school to transfer children to the associated secondary school as determined by their home address. Parents of P7 children will be informed of the transfer arrangements made for their child to attend secondary school.

We will also provide you with information at this time on events designed to support P7 children before they move on to secondary school.

Change of School/Placing Request

Normally children attend the school in their catchment area. However, there are times when parents may wish their children to go to other schools. If you wish your child to go to another school then you may make what is known as a 'placing request'. If you live in South Lanarkshire and decide to submit a 'placing request', we are unable to reserve a place in your catchment school until the Council have made a decision on the 'placing request'. Please note if your 'placing request' application is unsuccessful and all places at your catchment school are filled you will be offered a place at the next nearest appropriate South Lanarkshire School.

Please note that if an application for a 'placing request' is successful then school transport is not provided.

If you move outwith your catchment primary school a 'request to remain form' must be completed. If you move outwith your catchment primary, this may affect your right to transfer to the associated Secondary School. Please note the secondary school is determined by the pupil's permanent home address and chosen denomination. If you require further information, please contact Education Support Services on edsuppserv.helpline@southlanarkshire.gov.uk or **0303 123 1023**.

Support for Pupils

Getting it right for every child.

Getting it right for every child (GIRFEC) supports families by making sure children and young people can receive the right help, at the right time, from the right people. The aim is to help them to grow up feeling loved, safe and respected so that they can realise their full potential.

Most children and young people get all the help and support they need from their parent(s), wider family and community but sometimes, perhaps unexpectedly, they may need a bit of extra help. GIRFEC is a way for families to work in partnership with people who can support them, such as teachers.

If you have any concerns about your child's wellbeing, you can speak to the named person who will work with you to provide support and decide how to move forward. Your school will let you know who this is. It is likely to be the Head Teacher in a primary school and a principal teacher (pupil support) in Secondary.

More information can be found on:
www.scotland.gov.uk/gettingitright

Support for All (Additional Support Needs)

The Education framework which shapes the curriculum at the primary stage is intended for all pupils, including those with special educational needs.

To enable children with additional support needs to access this curriculum, teachers provide children, through the use of group teaching, with materials which are matched to their needs and which provide sufficient challenge.

The Head Teacher is the co-ordinator for Additional Support for Learning needs and both she and our specialist support teacher liaise with class teachers and with parents to provide additional support for individual children or for small groups. Some children may need an Additional Support Plan. This is created by the teacher in consultation with the pupil and parents. Review meetings are arranged termly to track progress made and targets are set. Parents are invited to this meeting as well as the pupil, the teacher and the Head Teacher. The Specialist Support Teacher may also be invited.

Within our school we have four supported classes which provide places for children with Autism. Support Assistants are allocated to these classes to support the teachers to meet the needs of all learners. Individual programmes of study are tailored to each child to allow each of them to reach their full potential at an appropriate pace.

For some children, a Co-ordinated Support Plan may be provided to note the specific needs of children and the additional support they may require from other agencies.

South Lanarkshire Education Resources have published a series of leaflets which cover information for parents and carers about the Additional Support for Learning Acts. These are available through the school or on the South Lanarkshire Council website www.southlanarkshire.gov.uk.

- The Additional Support for Learning Act
- Requesting an Assessment
- Planning for Learning – ASP
- Planning for Learning – CSP
- Transitions
- Future Planning
- Information for Parents and Carers about moving on from school.
- Inclusive Education
- ICT Assessment
- Visual Impairment Support
- Early Years Specialist Support
- Independent Adjudication

Enquire- the Scottish advice service for additional support for learning is funded by the Scottish Government to provide information on the framework for supporting children who require additional support for learning and to encourage positive partnerships between families, schools and local authorities to ensure children get the right support.

Enquire offers independent, confidential advice and information on additional support for learning through:

Phone Helpline: 0345 123 2303

Address : Enquire
Children in Scotland

Rosebery House
9 Haymarket Terrace
Edinburgh
EH12 5EZ

Email Enquiry service: info@enquire.org.uk

Advice and information is also available at www.enquire.org.uk

Enquire provides a range of clear and easy-to-read guides and fact sheets including The parents' guide to additional support for learning.

If you would like to order our leaflets, postcards or guides to share with parents and carers of pupils in your school, please contact us on info@enquire.org.uk

Attachment Strategy for Education Resources

Attachment – what we do to support children and young people

South Lanarkshire Council Education Resources is committed to improving outcomes for children and young people by creating emotionally supportive learning experiences in our nurseries and schools.

The Education Resources Attachment Strategy supports the action in the 'Getting it Right for Every Child in South Lanarkshire's Children Services Plan 2021-23', following the launch of the Attachment Strategy in 2020, to provide staff training in Attachment and Trauma based practice.

What does it set out to do?

The aim of the strategy is to promote better experiences of attachment for South Lanarkshire's children and young people and to ensure that all education practitioners understand the importance of attachment theory and its application and how positive relationships can make a difference to outcomes.

How can I find out more?

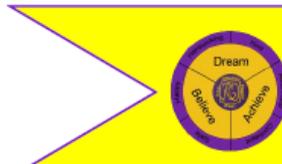

South Lanarkshire Council Education Resources have published a series of leaflets and posters for establishments and for parents/carers which aim to share information on attachment theory and on how this can inform the ways in which we support children and young people.

These are available in schools and on the SLC Staff Learning Centre Sway accessible by teachers and staff.

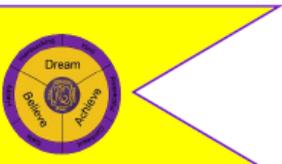

School Improvement

Please follow the link below to access our Latest Standards and Quality report which outlines the main achievements of the school over the past session.

[Standards and Quality Report](#)

**Robert Owen Memorial Primary School
and
Early Learning and Childcare (ELC)
Improvement Plan
2022 - 2023**

Literacy

Through consistency of approach in the teaching of writing as well as a continued emphasis on developing a culture of reading in our school, attainment in Literacy for all children will be improved.

Writing

- An audit of the approaches to teaching writing and associated resources will be carried out.
- All staff will be consulted in the development of a whole school approach to writing.

Reading

- All stakeholders will work towards gaining Gold Level Reading School accreditation
- All stakeholders will use Giglets to support the development of reading for pleasure and reading comprehension.
- Parents and carers will be encouraged to use the reading rings with their children and to attend the 'Read with the ROMPS Royal Readers' events to promote a love of reading.

Numeracy

To raise attainment in Numeracy.

- 3 staff members will be trained in Maths Recovery.
- New resources will be sourced for Numeracy and Maths.
- There will be a greater focus on Number Talks and Problem Solving.

Health and Wellbeing

To support the mental, social and physical Health and Wellbeing of all children across the School.

- All staff will implement regular yoga mindfulness sessions.
- The PE programme will be updated.
- The Emotion Works programme will be embedded throughout the curriculum
- We will work towards Gold Right's Respecting School status.
- The new Promoting Positive Relationships Position Statement will be shared with all stakeholders.
- Skills will continue to be developed through our Forest School and Outdoor Learning programmes.

Parental Engagement

To share learning, progress and achievements of all pupils regularly with parents/carers.

- All teaching staff will be trained on the use of Evidence Me and Evisense.
- Parents and carers will be invited to sign up to Evidence Me and Evisense.
- All teaching staff will share meaningful skill development across the curriculum regularly with parents and carers.

STEM (Science, Technology, Engineering and Mathematics)

To increase access to and participation in STEM learning for all pupils.

- Staff will begin to provide interactive learning experiences in STEM to engage and motivate learners.
- P6 and P7 pupils will be trained as Young STEM Leaders.
- A Tech Team consisting of P5-7 pupils will be developed and trained to become 'Digital Leaders' in our school.
- Following Google Certified Educator training, workshops will be delivered to pupils, parents/carers and staff.
- The 'Bring your own Device' initiative will be trailed with P7 pupils in Term 4.

Cost of the School Day

To address financial barriers at school for families and children.

- Cost of the School Day Calendar will be created.
- A Cost of the School Day leaflet will be created outlining financial support available to parents and carers.
- Cost of the School Day policy will be written.

School policies and practical information

Nursery

All children attending a local authority nursery will be provided with a free lunch. In addition, if your child attends long mornings or afternoons e.g., over 4 hours 30 minutes they will be provided with a 'brunch' or 'afternoon tea'.

Nursery lunches and snacks are based on nutritional requirements from the NHS "Setting the Table" guidance.

Nursery age children will also receive milk and a healthy snack free of charge under the Milk and Healthy Snack scheme 2021. This will be provided by the establishment

Healthy eating is something that the school supports and a range of meals are available at lunchtime that meet the Nutritional Requirements for Food and Drink in Schools (Scotland) Regulations 2020

All primary aged pupils are also offered a free breakfast within their school. The selection available includes cereal, toast, fruit and milk.

For their lunch each day pupils have the option to choose from two hot meal options, a snack option plus a vegan / vegetarian option. These are all served with vegetables or side salad. All **meals** also come with fresh chilled drinking water, salad, seasonal fruit and depending on the day - soup or a dessert.

Milk will be available for those pupils entitled to free school meals through the free school meal eligibility scheme at morning break or lunchtime.

Pupils in:

- Primary 1 – 5 receive a free school lunch.
- Primary 6 - 7 meal cost is £2.00

School lunches and milk can be paid for through your Parentpay account or Paypoint facilities in local shops.

NB School Meal prices are reviewed annually and may be subject to change

Special diets

If your child within Nursery, Primary or Secondary requires a special diet for medical reasons please speak to the school/nursery office who will provide the request form for you to complete. In addition, if you have a cultural diet request for your child please speak to the school/nursery office who will provide you with a request form.

Free School Meals

Children of parents who receive the following benefits are entitled to a free lunchtime meal for their child

- Income Support, Universal Credit (where your take home pay is less than £660 per month), Job Seeker's Allowance (income based), Employment and Support Allowance (income related), Working Tax Credit and Child Tax Credit (where your gross annual income does not exceed £7,920 as assessed by the HM Revenues and Customs), Child Tax Credit Only (where your gross annual income does not exceed £17,105 as assessed by the HM Revenues and Customs) or receive support under Part VI of the Immigration and Asylum Act 1999.

If you are in receipt of Housing Benefit and/or Council Tax Reduction from us there is no need for you to apply online, we will use the information we hold to automatically award free school meals (P6 to S6) and/or school clothing grants (P1 to S6) to eligible families.

We would encourage parents of children who are in receipt of any of the above benefits to take up this opportunity of having a meal provided for their child when they are at school. Arrangements are in place so that children who receive free meals are not singled out and we encourage all children to remain in school at lunch time.

South Lanarkshire Council also offers a free Breakfast service, the service runs from 8.15am to 8.45am each school day.

School uniform

We ask all parents/carers to support the school by encouraging your child(ren) to adhere to the agreed dress code and the wearing of our school uniform. The wearing of a school uniform helps promote the identity of the school in the local community and helps create an ethos of sharing and pride in the school.

In addition, the wearing of a uniform helps towards increasing the protection of all pupils. The wearing of a uniform helps staff and the pupils to distinguish between who belongs to the school and those who may be visitors. This enables staff to approach and identify visitors more readily and helps in trying to offer a safer environment for pupils and teachers alike.

Equality of opportunity is an important aspect of the life of the school. Any proposals on the dress code and on what constitutes the school uniform will be the subject of discussion with the Parent Council and where appropriate consultation with parents, pupils and staff.

There are forms of dress which are unacceptable in all schools such as:

- the wearing of football colours
- clothing with slogans that may cause offence (anti-religious, symbolism or political slogans)
- clothing which advertises alcohol, tobacco or drugs
- clothing which can be deemed unsuitable in terms of health and safety grounds such as shell suits, combat style clothing, dangling earrings, loose fitting clothes particularly in practical classes
- articles of clothing that could be deemed to inflict damage on other pupils or be used by others to do so
- footwear that may damage flooring.

For the benefit of new entrants the uniform is listed below:-

| | |
|---------------------------|---|
| Grey | Skirt/trousers |
| Yellow | Shirt/blouse |
| Purple | V neck sweatshirt/cardigan (optional with school badge) |
| Purple Fleece | (optional with school badge) |
| Purple Showerproof Jacket | (optional with school badge) |

PE Kit:

| | |
|--------|----------------------------------|
| Yellow | Polo shirt (optional with badge) |
| Black | Shorts |

Allergies

A significant number of children and young people in our schools will have allergies and it is important that parents keep the school fully informed on these matters.

Allergies can present in a variety of ways and can occur at any point in a person's life. Symptoms range from mild to severe. Children and young people known to have an allergy with moderate to

severe symptoms will likely have a Health Care Plan drawn up by the NHS. This will detail symptoms and appropriate interventions.

It is vital that parents share this information with the school and continue to provide any updated information.

Where symptoms are mild and a Health Care Plan is not in place, parents should still continue to liaise regularly with the school on any new triggers, medications and actions required.

In all cases, our employees need to know your child's symptoms, treatments and any actions required to help prevent exposure to the allergen and minimise the risk of allergic reactions.

Employees in schools will receive training on allergies and will liaise with parents and NHS on any additional specialist training required.

In supporting children and young people with allergies, school employees will operate in accordance with South Lanarkshire Council's Safe Systems of Work / risk assessment and national guidance on the administration of medicines.

Support for parents/carers

Clothing grant

In certain circumstances the Council provides support to parents/carers for the purchase of school wear.

Applications can be made online at www.southlanarkshire.gov.uk. If you are required to submit evidence of your Tax Credit income it is important that a copy of this evidence is attached to your online application. Should you require further information or you are unable to submit an application online then please contact the helpline number 0303 123 1011 (option 5).

School hours/holiday dates

School hours/holiday dates

| | | |
|----------|----------|------------|
| Opening | 9.00 am | |
| Interval | 10.30 am | - 10.45 am |
| Lunch | 12.15 pm | - 1.00 pm |
| Closing | 3.00 pm | |

See attached list showing school holiday dates.

Enrolment – how to register your child for school

To register your child for school you should complete our online registration form. This can be done using the South Lanarkshire website.

www.southlanarkshire.gov.uk/info/200186/primary_school_information/392/enrolling_your_child_for_school If you have any difficulty in identifying your catchment school, please email Edsuppserv.helpline@southlanarkshire.gov.uk

The online registration form will ask you to provide each child's full birth certificate and two pieces of recent official documentation both containing your permanent home address for example a utility bill, council tax statement, housing rent card, child benefit documentation.

Proof of where the child lives may also be needed.

Parents within the catchment area will be advised via social media that they can begin using the online registration form to enrol their child for school in August 2023. The registration form along with the child's full birth certificate and 2 proofs of residency will be sent directly to the office email address will be available from 9 January 2023.

If your child attends nursery of your catchment school don't assume that they will be automatically transferred. You must register them as normal.

If your child is starting school for the first time you must enrol your child at their catchment school in January. If parents want their child to go to another school, they must enrol in the first instance with their catchment school and ask for an information leaflet that provides details on how to make a placing request. An online placing request form is available from the SLC website – www.southlanarkshire.gov.uk or by contacting edsuppserv.helpline@southlanarkshire.gov.uk or phone **0303 123 1023**.

Enrolment date for 2022 is week commencing 16th January 2023.

Transport

School transport

South Lanarkshire Council has a policy of providing school transport to primary pupils who live more than one mile by the recognised shortest walking route from their catchment school. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should complete a form online www.southlanarkshire.gov.uk or contact **0303 123 1023**. These forms should be completed and returned before the end of March for those pupils starting the school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year and will be considered by Education Resources.

A privilege transport scheme is operated for mainstream school contracts where a pupil is not entitled to free school transport. Privilege transport will only be granted providing there is spare capacity on an existing school contract and will be from and to designated pick up and drop off points. Privilege transport will not be provided where a service bus is used on the school run. Any spare capacity will be allocated using agreed priorities. More information on school transport is available at www.southlanarkshire.gov.uk/info/200188/secondary_school_information/545/school_transport or phone **0303 123 1023**.

Pick-up points

Where school transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's distance limit for school transport.

It should be noted that it is the parent's responsibility to ensure their child behaves in a safe and acceptable manner while travelling in and alighting from the vehicle. Misbehaviour can result in your child losing the right to school transport.

Parents are asked to note that South Lanarkshire Council does not provide transport for those pupils who attend school via a placing request.

Insurance for schools – pupils' personal effects

South Lanarkshire Council is concerned at the level of claims being received for loss or damage to pupils' clothing or personal effects. Parents are asked to note the Council's position in terms of insurance for pupils' personal effects:

(i) Theft/loss of personal effects

The Council is not liable for the loss or theft of pupils' clothing or personal effects and any items are therefore brought into the school at the pupil/parents' own risk.

Parents can assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Teachers and other staff have been advised not to accept custody of any such items.

The same principle applies to musical instruments and other equipment used for activities within the school, which belong to the pupil, but are brought into the school. Parents should be aware that if such equipment is left in school, it is done at the pupil/parents' own risk.

In the case of valuable items such as musical instruments, parents should ensure that these items are covered by their own household insurance.

(ii) Damage to clothing

The Council is only liable for damage caused to pupils' clothing where the damage has resulted from the negligence of the Council or one of its employees. Claims arising otherwise will not be accepted by the Council's insurers.

Family holidays during term time

Every effort should be made to ensure that your child attends school during term time. Please contact the school as soon as possible if your child is unable to attend school.

Family holidays should be avoided during term time as this both disrupts the child's education and reduces learning time. If holidays are taken during times when the school is open parents should inform the school in advance by letter.

If your child is taken on a family holiday during term time then in line with Scottish Government advice this will be classified as an unauthorised absence. However, in exceptional circumstances schools may register a family holiday during term time as an authorised absence when for example, parents are unable to obtain leave during the school holiday period.

Clearly, absence with no explanation from parents will mean that the absence will be recorded as unauthorised.

In our approach to raising attainment and achievement it is recognised that attendance at school is something that should be continuously encouraged. Parents/carers, children and the school all have a part to play in encouraging and stressing the importance of attendance at school.

The school holiday dates and in-service dates are available from the website www.southlanarkshire.gov.uk

Promoting positive behaviour

It is the responsibility of staff within the school to ensure that parent council members, parents and pupils are involved in the creation of a positive school ethos that encourages good behaviour. Equally, the school whilst trying to promote positive behaviour must support young people should incidents or bullying occur. Parents have a significant role to play in working with the school so that teachers, parents and pupils know what is expected of them in trying to change the behaviour and attitudes that contribute to bullying behaviour.

Our approach is to create an environment where better behaviour will encourage better learning. The school, along with the support of parents, can work together to create a learning environment which young people can enjoy and feel safe.

Incidents of bullying should be reported to the school immediately so that each alleged incident can be looked at. Together we can work towards creating a safer school for children and staff.

In addition, a guideline (Promoting Positive Relationships and Behaviour) has been produced to support all teaching and support staff and inform them of their roles and responsibilities in respect of dealing with the small number of children and young people who display challenging behaviour. Early identification is crucial so that intervention can be provided to support children and young people to help them address their issues and concerns. Staff training is provided to help develop the skills needed to respond to and manage challenging behaviour. A wide range of appropriate staff development opportunities has been developed for this purpose.

Child Protection

All staff in educational establishments in South Lanarkshire Council receive an annual Child Protection update and are required to follow the advice and guidance contained within relevant Education Operating Procedures. They must also complete a mandatory Learn on Line Course "Child Protection in Education".

South Lanarkshire's children's services partnership works together to support children, young people and their families so that children grow up in communities where they are safe, healthy, active, achieving, respected, responsible and included, and have the opportunity to achieve their full potential. They are committed to continuously improve our services to ensure children, young people and their families get the right support at the right time.

Sometimes children and young people need additional help to make sure that they are "*cared for and protected from abuse and harm in a safe environment in which their rights are respected*" (CPC South Lanarkshire Child Protection shared vision). The Child Protection Committee has the overarching responsibility to ensure that agencies individually and collectively work to protect children and young people as effectively as possible.

All staff have a responsibility to report any suspicions that a child has been abused or is at risk of harm, abuse, or neglect. Robust procedures and guidance are in place to support education staff to: -

- be alert to signs that a child may be experiencing risks to their wellbeing,
- report concerns to the head of establishment or the child protection coordinator without delay.
- be actively engaged in support and protection and development of wellbeing.

If you would like more information, or have a concern of a child protection nature, please contact the head of the educational establishment which your child attends.

The Child Protection Committee's website has a range of useful information for parents/carers to help them keep their children safe. www.childprotectionsouthlanarkshire.org.uk

Information on emergencies

We make every effort to ensure the school remains open during term-time for pupils. However, on occasions circumstances may arise which can affect the school. Schools may be affected by, for example, severe weather, power failures or through any other circumstances that may impact on the school day. In such cases we shall do all we can to let you know if this happens. We shall keep you in touch by telephone, text, where appropriate, letters, web news and through local radio stations particularly if there are prolonged periods of severe weather. The Council's website www.southlanarkshire.gov.uk will be used to let you know if the school is closed and when it will re-open.

It is important for parents/carers to let the school know of any change to your mobile/home telephone number and change of address.

If for any reason, you are unsure if the school is open visit the website www.southlanarkshire.gov.uk or email education@southlanarkshire.gov.uk

Your commitments

We ask that you:

- support and encourage your child's learning
- respect and adhere to the schools policies and guidance
- let the school know if you change your mobile/telephone number and/or address
- enjoy and take part in school activities
- accept your responsibility to respect staff who work in the school and for the school to be proactive in taking forward it's commitment to care for and educate your child.

General Data Protection Regulation as supplemented by the Data Protection Act 2018 (GDPR)

Information on pupils, parents and guardians is held by the school to enable the teaching, registration and assessment of pupils as well as associated administrative duties. The information is stored and used as per the requirements of the GDPR, with South Lanarkshire Council defined as the data controller. The Council have established a data protection policy that applies to all of its school. Education Resources has also prepared a privacy notice (below) which sets out how we will deal with personal information as part of our statutory function as an education authority. For more information please contact the school.

Privacy Notice

Introduction

In line with the General Data Protection Regulation (GDPR) we have produced this privacy notice to inform you how we deal with personal information as part of our statutory function as an education authority.

The Council has a legal obligation to deliver effective education services to children, young people and adult learners in South Lanarkshire. In order to do this we need to collect personal information about children, young people and their families so that we can help them to learn and keep them safe.

Using your personal information

The Council is a "controller" of the personal information you provide when enrolling for a nursery or school, applying for an education service or participating in groups or activities provided by Education Resources.

Information we collect from you about you and your child at enrolment

When you enrol for a nursery or school, we ask for the following information:

- parent/carer contact details (name, address, phone, email);
- the child's name, date of birth, gender and address;
- information about medical conditions, additional support needs, religion and ethnicity;
- any information you may wish to provide about family circumstances.

Information we collect at other times

We will also collect information at other times such as when you apply for a benefit, request a services or other support. We will provide an additional privacy notice at these times.

- If you apply for an education service or benefit, such as school transport, free school meals, clothing grant, placing request or EMA, we will also ask for personal information as set out above. We will also ask for information about your income for education benefits applications.

- If you make a request for additional support such as an educational psychologist or other support for learning we will ask for more detailed information to allow us to provide the most appropriate support for your family. This may include information about family circumstances or medical conditions.
- If there are concerns about your child's wellbeing and/or your child has needs that may require additional support, we will wish to work with you to collect and consider information to enable us to help you get the right support at the right time in line with the Getting it right for every child approach.

We require this information to ensure that children and young people are educated appropriately, supported, and that we take account of their health and wellbeing. We will also ask you to update this information annually and to tell us when there are changes to your details.

Information that we collect from other sources

As an education authority and as part of our statutory function in accordance with our legal obligations, we receive information from other sources such as the SQA, the NHS or Social Work about you or your child, this includes:

- exam results and assessment information;
- information about health, wellbeing or child protection.

Why do we need this information?

We need this information so the Council can ensure it is delivering education services appropriately to all learners:

- for the education of children, young people and adult learners;
- for teaching, enrolment and assessment purposes and to monitor the educational progress of children, young people and adult learners ;
- to keep children and young people safe and provide guidance services in school;
- to identify where additional support is needed to help children, young people and adult learners with their learning;
- to maintain records of attendance, absence and behaviour of children and young people (including exclusions);
- to support children and young people moving on each year from nursery to primary, primary to secondary and when they move or leave school;
- to help us develop and improve education services provided for young people, adult learners or families
- In accordance with our legitimate interests as an education authority we will also use your information to create statistical reports.

We will share your information with:

As an education authority and as part of our statutory function in accordance with our legal obligations we will share information with other bodies or parts of the Council, including:

- The Scottish Government and bodies such as Education Scotland, Scottish Qualifications Authority, Skills Development Scotland and other organisations that support children and young people's learning;
- Other parts of the Council when required for services such as school meals, school transport, education benefits and with Social work in connection with any child protection concerns we become aware of;
- The NHS, to support health initiatives in accordance with the legal obligation on the Council in terms of section 39(3) of the National Health Service (Scotland Act 1978);
- South Lanarkshire Leisure and Culture Limited, where children and young people are participating in sports and leisure activities;

- Other schools/local authorities – if a child moves or transfers to another school the Council has an obligation to pass on information with regards to pupil records to the new school/local authority.

You have the right to access your personal information as well as the rights of rectification, erasure, restriction and the right to object. For information on these rights and how to exercise them or for information about how we manage your personal information, you can get a copy of our full privacy notice from our website: https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general_privacy

Our full privacy notice will also provide information on how to make a complaint or to request a paper copy of the privacy notice from the Data Protection Officer.
