

# Embracing Difference

## Looking for information to support a child who is neuro-divergent?

Embracing Difference is a 6 session group for parents of primary aged children who are neuro-divergent. The group aims to provide parents with up to date information and strategies to support their child, to optimise their learning and reduce distress.

Sessions take place online weekly over 6 weeks and the course works best if you can ensure your attendance at all 6 sessions.

The next course starts on Friday 28<sup>th</sup> October at 9.30am.

Information on how to book is available on
