Beath has just hosted their 2024 Awards ceremony celebrating Beath pupils' success in their academics, extracurriculars and personal achievements. Our guest speaker this year was Maria Lloyd, who is the Head of Service: Education and Children Services Fife, who gave an amusing and heartwarming speech and assisted in delivering the awards alongside our Head Teacher Mr. Ross. The evening started with the award recipients getting professional pictures. Then the ceremony started with Matthew Clements piping to welcome everyone. Our school captains and Head teacher started the evening with a speech to thank the guests for coming and congratulate the award winners. As the ceremony progressed and the award winners were given our awards, the school choir gave a group performance and a few solos which were beautifully performed. At the end of the night our school captains gave another speech to close out the ceremony. When the ceremony finished, the guests were welcomed by cakes, tea and coffee made by our senior barista class.
