

BEATH HIGH SCHOOL

Standards and Quality Report 2024
DRAFT Sept 2024

Context of our school

Beath High School is situated in Cowdenbeath, a former mining town in central Fife. It is an area of high socio-economic deprivation with a rich and proud heritage. Our catchment is diverse, and in addition to Cowdenbeath includes: Kelty, Lumphinans, Hill of Beath and Crossgates; as well as a number of placing requests from Lochgelly and beyond. We have a roll of 1400 pupils, half of whom reside in SIMD deciles 1 – 3. The percentage of young people registered for free school meals is 20%. Our staying on rates into S5 and S6 are in line with the Fife average. Our leaver destinations for session 22/23 (published in Feb 24) were:

College – 29.7%

University – 28.8%

Employment – 28.8%

Training – 6.1%

Other – 6.6%

We have 21 care experienced young people on our current roll. We have 40 young people identified as Young Carers. Approximately one third of our young people have an additional support as below:

18 – EAL

154 – SEBD

180 – Dyslexia

26 – Dyscalculia

82 – ADHD

72 – ASD

8 – visually impaired

We strive constantly to meet the needs of all our young people and endeavour to ensure they fulfil their true potential and leave school with the required skills to equip them well for life after school, in line with our school vision statement.

We use Pupil Equity Funding (PEF) from the Scottish Government to support targeted groups of young people by employing additional staff, buying additional equipment and paying for the services of partner agencies. All of the PEF money is used to close the poverty related attainment gap that exists in our community with a particular focus on literacy, numeracy, health & wellbeing and the acquisition of the skills young people require for learning, life and work. We have a particular focus and emphasis on Equity. Our PEF plan for 2023/24 is a separate document.

Vision and Values

Following an extensive consultation in session 2018/19 that involved all aspects of the school community, we have the following agreed school vision and values:

Vision

“Every young person is supported and challenged to achieve their true potential through participation in excellent quality learning in a safe, welcoming, nurturing, happy, equitable and inclusive environment.

The school will work in partnership with our local community to ensure every young person leaves Beath with a portfolio of qualifications, skills, experiences and a knowledge of the job market so they can enter a sustained, robust positive destination of further/higher education, apprenticeship or employment.”

Values

Belonging
Experiences
Aspirations
Teamwork
Honesty

Core Priorities

In order to synthesise our Improvement Plan and School Vision, we have agreed on 5 Core Priorities:

- 1. We are focussed on continuing to raise attainment for all our learners**
- 2. We encourage everyone in our school community to take leadership opportunities**
- 3. Positive relationships and an awareness of our local context results in an equitable and inclusive approach to every aspect of Beath school life**
- 4. High quality learning and teaching and effective partnership working ensures our young people are supported and challenged to achieve their true potential**
- 5. Our positive destinations target is 100%**

Progress:

What work/action had been undertaken towards this priority eg professional learning, consultation with all stakeholders, implementation of planning, use of resources etc

- We have sustained and reappointed a new Equalities Committee for this session, led by pupils following an application and interview process.
- The Committee have reviewed the current Anti-Bullying policy and Equality policy
- The Committee have led learning in PSE lessons on anti-bullying themes
- The signposting on the school website and of LGBT Youth Scotland has been reviewed to increase visibility
- Equalities topics / diverse representation become more actively embedded in learning throughout the school
- The library has a larger and more diverse section of LGBTQ+ themed texts
- Young people have continued to socialise with young people in other contexts through the wider Fife Equalities Network
- Staff training from LGBT Youth Scotland completed

- LGBT Youth Scotland evidence portfolio against standards for evaluation have been completed and uploaded
- Award achieved for LGBT Youth Scotland Silver Charter status

Impact:

What impact has the progress/work undertaken had on improving the outcomes of your children and young people?

What evidence do you have? Quantitative or qualitative data to support this impact

Impact statements should be written evaluatively eg almost all, most, majority etc

- Increased confidence amongst majority of staff to navigate LGBTQ+ topics and conversations with pupils, colleagues, and parents/carers.
- Sense of belonging and inclusion for all involved in process of achieving Charter status. Important to have non-LGBT voices championing the progress.
- Developed capacity to consult all and meet needs of majority of LGBTQ+ community.
- Policies consider unique challenges of LGBTQ+ people more thoroughly. All pupils protected more thoroughly by specific reference in policy.
- More instances of positive LGBTQ+ representation, providing visibility for all LGBTQ+ young people and opening conversation for allies. Increased feelings of safety, diversity, and inclusion in the classroom, evidenced through Pupil Wise.

Next Steps:

Identify a few next steps linked directly to progress and impact for this priority

If there are numerous next steps does this need to be a continued priority for following session?

- Continue to generate fresh ideas to celebrate events in the LGBTQ+ calendar
- Continue with an established Equalities Committee
- Continue to review policies at least annually
- Work with other schools to establish a Fife Equalities standard
- Continue to log bullying incidents in Seemis by category

Progress:

- Staff group who want to be involved in improving pupil empowerment at Beath were identified.
- S4 and S5 Beath Senior Phase representatives on the Fife Senior Pupil Empowerment Panel that ran in 2022-23 took forward the Beath Student Voice Ambassadors for 2023/24 via year group assemblies in September 2023.

Impact:

- A few pupils were involved in student voice discussions in term one.
- Staff members volunteering has led to a teacher being identified to lead Student Voice in 2024-25.

Next Steps:

- New lead teacher for Student Voice for 2024-25.
- Year Group Ambassadors to be appointed in August 2024
- Engagement with the Rights Respecting School Award programme via new lead teacher.

Progress:

- Whole school focus on following attendance procedures.
- PEF funded PTs Improving Attendance have worked with guidance staff to support and challenge individual learners and families to improve attendance.
- PT Improving Attendance attended CLPL to link with other schools/authorities to share ideas/good practice
- Attendance PTs & DHT met to continue to identify areas requiring improvement.
- Awareness raised of the negative impact of poor attendance across the school community – infographic sent to all parents.

Impact:

Data as of 07/06/24

- Monthly school attendance at Beath has returned to exceeding AA 'stretch' target since April 2024.

Next Steps:

- Use PowerBi Data to target specific cohorts (for example <30% and ASN) to improve overall school attendance and maintain a higher attendance throughout the academic session.
- Strategic links made, via PowerBi data, that allow the operational work of the PTs Improving Attendance and the operational work of the Guidance team with their caseloads provide an improvement in overall school attendance.

- PSE focus S1-S6 on respectful language and the link to the world of work
- Letter to parents/carers outlining the school approach and expectations of using respectful language – sent 29/11/23

Impact:

- Raised awareness across the school community
- Staff confident to check use of inappropriate language due to whole school message

Next Steps:

- Embedded in the school culture
- Continue to call out and challenge unacceptable language
- Maintain approach

Progress

- Creation of staff wellbeing committee
- Completed 2 x Staff Wellbeing activities on INSET days
- Questionnaire was set gathering evaluation on INSET activities
- Continued secret friend and creation of Beath Blog initiative
- Beath bobble hats successfully gifted to all staff members
- Continued development of Wellbeing and Health delivered at a whole staff CLPL
- 12 staff members completed a Level 5 First Aid course

Impact:

- Almost all staff reacted positively
- 97% enjoyed activities
- 95% would like to do it again
- 93% felt that it improved their wellbeing that day
- Increased positive ethos of staff and continuation of building relationships
- Increased staff wellbeing and staff saw value/ impact of INSET activities. Staff have suggested improvements to this process for next session
- Staff continued professional development and capacity for supporting each other and young people
- Increased awareness of Mental Health

Next Steps:

- Create a vision for staff wellbeing aligned with Beath Vision to support staff
- Survey staff to gather staff perspective of own wellbeing and use as baseline measurement for the year
- Continue to have a focus on wellbeing on various INSET days
- Increase staff wellbeing committee to ensure more representation of all faculties
- Create calendar of events to organise a variety of wellbeing events throughout the year e.g. Walking Wednesdays/ Staff Yoga
- Use the wellbeing hub to develop staff wellbeing

Progress:

What work/action had been undertaken towards this priority eg professional learning, consultation with all stakeholders, implementation of planning, use of resources etc

- Reformation of Parental Engagement Group with cross faculty representation and parent membership
- Creation of a Parental Engagement Calendar of events
- CLPL session around report writing delivered by sub-group of PEG
- Delivery of 13 events and 2 programmes of events focusing on academic outcomes and health and wellbeing outcomes
- Introduction of Eventbrite platform to host, track uptake and market events
- 877 tickets reserved by parents at events since October
- Work undertaken with 11 partner agencies to deliver events addressing wellbeing outcomes
- Work with WEA to improve parent/carer literacy and numeracy skills

Impact:

What impact has the progress/work undertaken had on improving the outcomes of your children and young people?

What evidence do you have? Quantitative or qualitative data to support this impact

Impact statements should be written evaluatively eg almost all, most, majority etc

- Most S4 parents engaged with the 'Start Here for Success' event in August, 81% attended
- Improving quality of reporting, fewer issues raised post-report through Guidance and quality assurance is catching a greater number of issues, allowing them to be addressed
- All teaching staff engaged in the CLPL on report writing
- Feedback from Wellbeing events has been very positive evidenced by parent comments, 'learned a lot', 'signposting is helpful'
- WEA course took 8 parents and 6 are now in employment following improved confidence with communication and number work

Next Steps:

Identify a few next steps linked directly to progress and impact for this priority

If there are numerous next steps does this need to be a continued priority for following session?

Probationer / NQT sessions for parent's evenings / report writing to be delivered by PEG in a timely manner, before long reporting

Production of report writing guide to improve quality of reporting

Increased focus on supporting learning and achievement next session through PEG events

Consultation on termly newsletter

Consultation on family learning opportunities

Continue with positive schedule of events to support Teams, S4 success, S1 settling and whole school open evening: Soup and Stovies.

Progress:

What work/action had been undertaken towards this priority eg professional learning, consultation with all stakeholders, implementation of planning, use of resources etc

Extensive consultation has taken place over the past 12 months to design, implement and regularly review the Beath High School S1-3 Homework policy/rota. This was created in partnership with our parent council, who raised concern in relation to inconsistent volume of homework being issued across the school.

Consultation with parents/carers, colleagues and young people led to the creation of a structured homework rota, covering all faculties and subject areas. The initial focus was with BGE classes (S1-3). This was implemented in August 2023, and ran through terms 1 and 2. In December 2023, we consulted parents/carers, colleagues, and young people via focus groups and MS Forms. In total, we received 112 parent responses, 39 staff responses, and 406 responses via focus groups, all from S1-3. Feedback from all stakeholders fed into a reviewed homework rota for January-June 24. The feedback was shared with parents/carers in January 2024, with information around how we would be using their feedback to further develop our approach to homework.

Key changes made mid-session:

- **Homework assembly** held with all year groups in February 24. Aim was to raise profile, signpost support, outline processes and remove barriers to completing homework. This was also used to sell the positives of completing homework regularly.
- **Improved communication measures with home.** Introduced weekly group call texts, outlining work being issued for the following week. This is sent home on a Friday afternoon. Inclusion in the bulleting for all pupils as a reminder. This is also used to remind staff. Purchase of faculty homework boards to ensure consistency around promotion of homework deadlines etc.

Homework also features within tracking and monitoring reports issued to all parents/carers of S1-6 pupils, ensuring home are fully aware of their young person's engagement in homework tasks being issued.

Impact:

What impact has the progress/work undertaken had on improving the outcomes of your children and young people?

In December, we captured the following from our parents/carers:

71% were happy with the quality and regularity of homework being issued. 70% of parents felt that the homework was manageable, and confirmed their young person was regularly completing homework tasks.

Pupil information indicated that the biggest percentage of young people (aside from S5/6) engaging in homework was our S1 and S2. This is pleasing to see, as we aim to form habits amongst our junior pupils as they progress through school.

Staff reported concerns around submission of homework across S1-3, with almost half a class (on average) regularly completing and submitting homework. It has always been our intention, when developing this rota and new policy, to focus the attention on young people who want to complete homework. There is strong evidence to suggest we are achieving this. The biggest concern in relation to homework completion comes from our S3/4 cohort, with staff data showing that, on average, the percentage of a class handing in homework tasks was between a quarter and half of an average S3 class. This is higher in S1 and S2. Numbers of senior classes working towards national qualifications remains strong.

The range of evidence shows that the majority of our S1 and S2 are regularly completing homework tasks now. Less than half of our S3 cohort are regularly completing homework tasks. However, there was strong evidence to suggest that few S1-3 were completing any homework this time last session, so this is a positive that we will aim to build on.

We will continue with consultation on homework as we move into year 2 of implementation.

Qualitative feedback via the rector's 5 a day consultation suggests that there may have been a drop off amongst S2 and S3 pupils during term 4. Steps have been taken already to address this for next session.

Next Steps:

Identify a few next steps linked directly to progress and impact for this priority

If there are numerous next steps does this need to be a continued priority for following session?

- Improve staff understanding of rota and consistent issuing of homework
- Improve quality of feedback for homework submitted
- Improve faculty quality assurance mechanisms in relation to homework
- Increase percentage of S1-3 regularly completing and submitting homework
- Maintain communication with parents/carers in relation to homework
- Maintain consultative approach to further develop approaches to homework

Progress:

- The strategic direction of our Curriculum pathways has been steered by our collaborative Curriculum Group and then further developed with Faculties and illustrated for 2023-24.
- Our coursing process has been better informed by the creation of subject pathways illustrations that focus on maximising learner opportunities to achieve and attain in each Faculty.
- All learners have had significant input to ensure that they have chosen curriculum pathways which will lead to robust and sustained positive destinations including 1:1 meetings with SDS & their Guidance Teacher, presentations from local employers, businesses, colleges and universities at a careers fair, regular targeted DYW events throughout the year and also opportunities to learn about pathways within all subject areas across the school.

Impact:

- Our curriculum model has been expanded to offer a wider range of SCQF courses.
- More young people have elected to remain at school for session 24-25.
- All Faculties now offer a wider range of flexible courses catering for more levels and abilities.
- The Beath curriculum aligns with the School Vision.

- More robust tracking and monitoring processes during 23-24 indicate that there will be an improvement in attainment at Level 5/6.

Next Steps:

- Continue to further develop curriculum pathways and ensure that coursing continues to maximise learner opportunities to achieve and to attain.
- Continue to develop flexible pathways which meet the needs of all learners.
- Continue to develop links with local employers and business' – using the WorkIt programme to provide opportunities for young people to undertake work experience.
- Build awareness, knowledge and understanding of career education in the classroom.

Improvement Priority Session 2023 – 2024

Progress:

- The 'Results Machine' was implemented in August 2023 for the first time and allowed all colleagues to access information on attainment both for their subjects and on an individual pupil by pupil basis.
- Robust tracking and monitoring schedule implemented during 2023/24 session, that allowed learner progress to be tracked over time.
- Early intervention strategies implemented to ensure that pupils had the best chance to achieve their true potential.
- Parents and carers received regular feedback on the progress of their young person.
- Whole school presentation policy developed based on key messages from the attainment reviews and improvement priorities.

Impact:

- Greater consistency regarding SQA analysis, which led to meaningful discussions and the identification of improvement priorities during the Faculty attainment reviews.

- Pupils who were identified as 'off track' benefited from early intervention which allowed them to build their capacity over time and give themselves the opportunity of attaining at the highest possible level.
- All key stakeholders involved in the creation of Beath's Presentation Policy. Clear and concise expectations that all colleagues and pupils could refer to during the course of the year, to ensure a collegiate approach to improving attainment.
- Parents felt informed throughout the process and were better placed to work with the school to support their young person.

Next Steps:

- Thorough examination of SQA results in August 2024, to identify whether our attainment and intervention strategies have had a direct impact on our results. Focus on S4 and Level 5.
- Continue to build on work to improve L5 attainment in S4.
- Develop targeted strategies to make improvement for S5 learners at level 6 and 5@6 by the end of S6 to ensure we are in line or better our virtual comparator.
- Continue to use data and prior attainment to assist pupils in making informed course choice for session 2025/26.

Progress:

- Faculties have researched and developed Level 5, 6 and 7 courses ready for implementation in session 24-25. Donnie Wood gave a presentation on SCQF courses to all staff at the beginning of the session which gave an opportunity to find out information, make networks and ask questions.
- Our revised curriculum offer and presentation policy specifically identifies improving Level 5, 6 and 7 attainment as a key focus. Lewis Paterson, Insight Advisor, presented to both SLT and ELT on attainment of senior cohort at the beginning of the session.
- The Curriculum Working Group, with representation from all Faculties across the school, allowed us to work together to develop curriculum pathway maps for each subject area. All maps are accessible on our school website and have been shared with young people, staff, parents and carers.
- Continuous work with SDS colleagues, DYW co-ordinator and Pupil Support staff have led to a better awareness of our leaver destinations and how this can influence our curriculum offer.

Impact:

- 8 new SCQF courses and 186 student places have been added to our curriculum offer for 24 - 25
- Our revised curriculum offer and presentation policy, in conjunction with robust tracking and monitoring processes, will ensure an improvement in attainment.
- Our curriculum pathways have been shared with young people, staff, parents and carers on our school website and social media.
- Teaching staff now have a greater understanding of the range of courses within their Faculty areas to meet the needs of all learners.

Next Steps:

- To monitor and track the attainment levels young people studying our new courses.
- Our curriculum offer should continue to provide young people with the opportunity to improve skills for life, learning and work, ensure opportunities to plan for a positive pathway beyond school, increase levels of sustained positive destinations and improve life chances for all.
- S3 pupils will be offered a broader range of courses including Level 5 NPAs.
- To improve our initial positive destinations figure (93.9%) – a more strategic focus on those at risk of a negative destination.

SQA Results Analysis 2024

Session 2023/24's strategic target of increasing S4 5@5 and S5/6 5@6 has been successful, with a significant increase in all. This focus will continue for session 2024/25 with a target of reaching our VC in these key measures.

Individual faculty attainment is mixed. Some very strong with significant improvement this session, others with particular concerns around level 5 and 6 attainment. These have been highlighted and discussed at faculty attainment review meetings with resulting clear and focused 'agreed actions' for this session.

We are liaising with Insight advisor over our drop in 5@4 attainment as this is not in line with our predictions.

This is the second year of our 'supported classes' (known as 'DAS' in Fife) being included in the Senior Phase attainment picture – whilst Fife produce 'DAS adjusted' figures, Insight does not have this capability and we need to be mindful of the school context when comparing with VC and National figures. For example, our 5@3 in S4 DAS adjusted is 95%, compared to the Insight published figure of 90%. Similarly, our 5@5 in S4 is 49%, compared to the published of 46%.

Another action point for this session is to revisit the approach of our PT Raising Attainment posts, who have the strategic remit of ensuring all in our S4 cohort achieve at least 5 qualifications. This will be assisted with each colleague now teaching PSE weekly to their S4 caseload. Linked to this, we now have an outreach teacher in post who is ensuring those young people who do not attend school are still achieving their qualifications.

Level 4 and Level 5 Literacy and Numeracy in S4 have dipped from last session and are still short of our VC (not as short as is published, due to impact of supported classes) – we have set up a local authority workshop to review these measures this session to seek advice on strategies and actions that will enable us to focus on improvement in these key measures.

Further evaluations below in the following areas:

- Breadth and depth
- Literacy and numeracy
- Improving attainment for all
- Attainment versus deprivation

Level 3 performance has been sustained and exceeds VC.

Levels 4 and 5 dipped, but not as much as the graph shows due to the impact of inclusion of supported classes attainment in S4 cohort. Term 2 this session we are holding a local authority led workshop on literacy and numeracy.
