

Belonging • Experiences • Aspirations • Teamwork • Honesty

The Beath Malawi partnership is run by Mr Mitchell – a retired science teacher at Beath. Every Thursday lunchtime the Malawi group meets up to talk about how we can help as well as the conditions the people there have to deal with. The Malawi group are planning a trip to one of the schools in the Malawi partnership. This trip is set to be in June 2025. Beath has been to Malawi before but has not been since covid. The motto is: Three schools, Two continents, One goal. That goal is equity for all young people across Malawi.
