Careers Fair

On the 28th of November, Beath had its annual Careers Fair. It was open to all year groups (although targeted at S2's who will soon be picking subjects) and had a plethora of different companies, apprenticeships, colleges and Universities and so much more on offer for students and parents/carers to look around, with free food and beverages too. In fact we had 75 stalls and over 320 parents/carers in attendance!!

Universities like Glasgow Caledonian, Edinburgh Napier and Queen Margaret, to name only a few, and other places like Babcock and Nardone's college of performing Arts made an appearance. There was also some more local companies like BeatBox, who orchestrate shows in primary and secondary schools across Scotland and are local to the Fife area, having done shows with Kelty Primary. There was also stalls set up by staff for each subject, and a stall for DYW (Developing Young Workforce). All in all, a very enjoyable and productive night!
