School closure during the school day

If the school has to close when the pupils are in class, parents or emergency contacts will be telephoned prior to children being sent home. No pupil will leave the school until a contact has been made. Please therefore, let the school know of any changes in the arrangements for emergency contact as soon as possible.

Prolonged school closure

In the event of prolonged severe weather conditions the school may remain closed for more than one day, therefore a separate decision will be taken each morning. In such circumstances, please check with the previously listed sources daily.

(Please note that school closure procedures will come into effect should there be other emergency situations e.g. insufficient heating/ water/ flooding etc.)
