QUALITY AND STANDARDS REPORT RSMPS

Our Curriculum

Our curriculum rationale (revised 2024) shows strong understanding of our pupils, their needs and their learning. Our vision, values and aims underpin the design of our curriculum. PEF is used to enhance the curriculum

Learning Teaching and Assessment

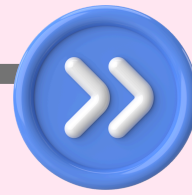

We continue to be committed to providing high quality learning, teaching and assessment through well established procedures. Targeted PEF spend promotes pupil engagement and improved learning .

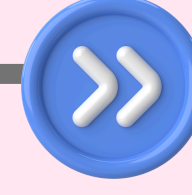

Raising Attainment & Achievement

We aim to have better attainment than schools with a similar demographic to RSMPS, and to beat national average. We have been close to this in some areas, whilst we believe that we can still make improvements.

Wellbeing and Inclusion

Our many children with additional support needs are well supported in RSMPS. Staff are very well trained in nurturing and supportive interventions.
