

## Accessing Google Classroom

Teachers of P4-P7 have set up Google Classroom to facilitate the sharing of activities, keeping in touch etc if schools close.

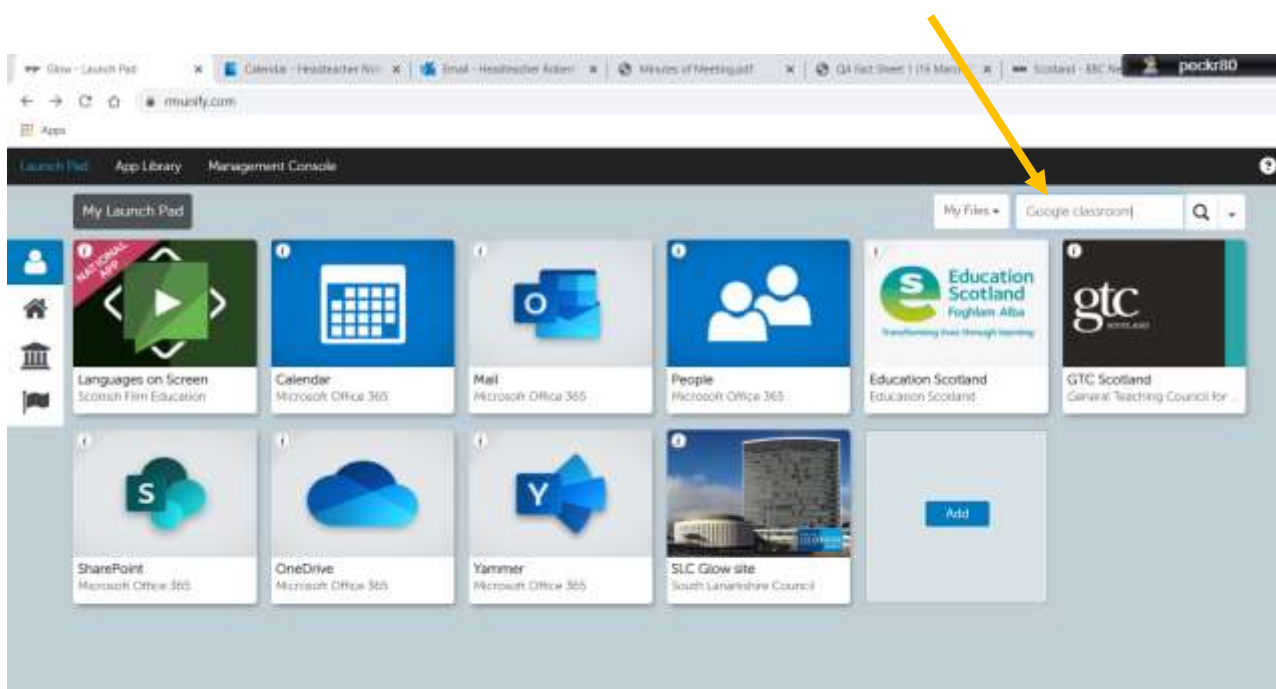

To ensure access to this please use the following instructions (pupils in school this week have already done this).

### Step 1

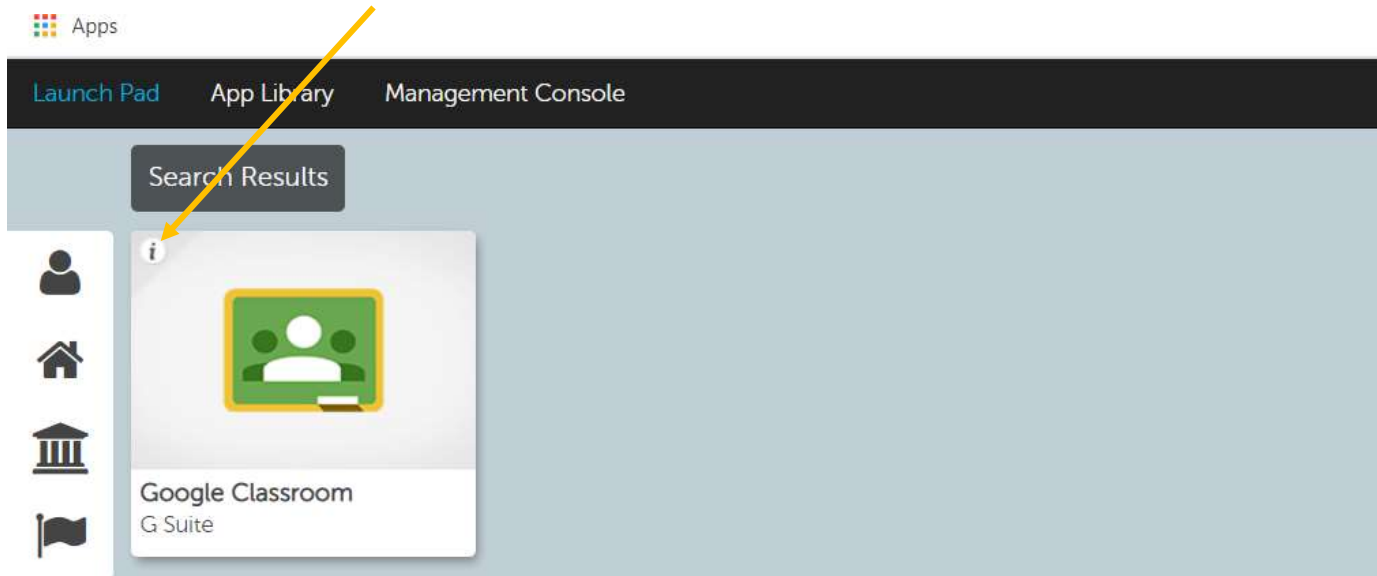

- Login to GLOW (search for 'GLOW RM' or 'RM unify')
- Once logged in, Click on App Library tab

- Search for Google classroom tile (or go to page 6 where it can be found)

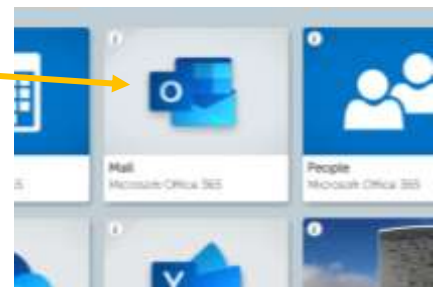

- Click on the top corner of the Google Classroom tile

- Select "Add to Launch Pad"
- Tile should now appear in own launch pad

### Step 2

- Open GLOW email account (using the tile on the launch pad)

- Select "join"
- Click on "I'm a student"

You should now be able to access Google Classroom from the tile. Your teacher will keep in touch through Google Classroom. Please check regularly!

If you have issues relating to ICT use (particularly IDL ) I can be contacted on [gw07scottmargaret4@glow.sch.uk](mailto:gw07scottmargaret4@glow.sch.uk)

If I can't resolve the issue I will forward message to appropriate member of staff.

Miss Scott
