Accessing Google Classroom

If using a laptop or PC, the easiest way to access Google Classroom is through your Glow account.

- 1. Use this website: <u>www.glow.rmunify.com</u>
- 2. Login using your glow login details, provided by your teacher. Then this page will appear:

	Bankhead Primary Scho	ct		My Filet • Search Launchi Pada Q •		
*	0 Bank and Promery School	$\langle \hat{\mathbf{b}} \rangle$			*	
) M	Glow Connect Scottan Sowettment	Languages on Screen Scottsh Film Education	Scotland on Screen Scotton Rim Education	Screening Shorts Scottish Fore Education	SCHOLAR Henol /Iban University	
	у	****	1			
	Scran Scran	AM Easimaths RM Eastmaths	SharePoint Nicrosoft Office 365	OneDrive Microsoft Diffice 363	Mail Wicrount Diffee 363	

3. Make sure you click on the symbol of the house (highlighted above) and then scroll down to find Google Classroom.

Reach X		×/	JASO		
rquhart				ß	

4. When you click Google Classroom, a box like this may appear:

The section highlighted should have your login details, eg. gw14bloggsjoe@sl.glow.scot

You will see the end is slightly different from your email address.

If it is not your login details that appear here, choose add account and login.

You may be redirected to the Glow login page, where you would use your Glow login as usual, not with the altered ending.

You should now have access to your classroom.

If using a tablet or phone, the login process is similar but you can download the app. When you login through the app you login as in step 4.

You will need the class code to join via the app, which can be provided by your teacher.
