

# ROOM 1 LEARNING LOWDOWN

16th of May 2025

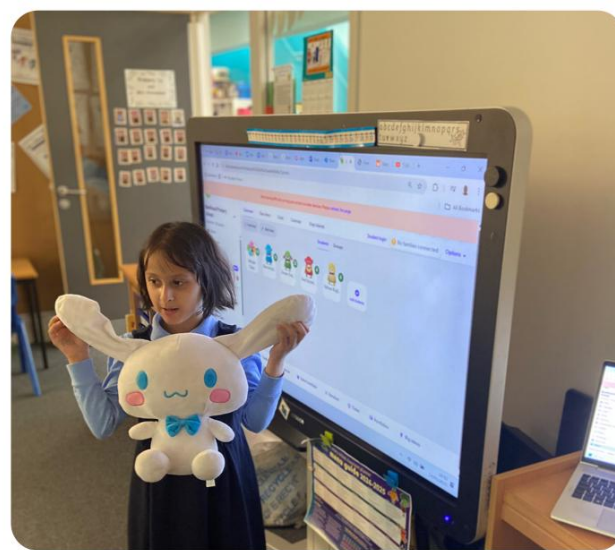

# THIS WEEK'S LEARNING NEWS

This week in Room 1 we have been learning about the sounds 'igh' and 'oa'. We have also been finding out about odd and even numbers in Numeracy. We designed boats using Lego and tested them to see if they float.

## Bankhead will SOAR!

# ASK US ABOUT..

Our special item. We brought in special items to show and tell the class about. As well as speaking to an audience we also had to be great listeners.

## WHAT WAS CHALLENGING

Some of us found odd and even numbers a little tricky. During Skills School some of us found drawing elephants difficult.

SUCCESS - OPPORTUNITY - ACTIVE - RESPECT

# NEXT STEPS/TARGETS

Next we will be learning about the 'oo' sound. It can make a long sound and a short sound. We are also learning about length and will be doing lots of measuring in class and around the school. We will continue to find out about The Farm in our topic work.

## IMPORTANT INFORMATION

Next week we are off on Friday the 23rd of May and then Monday the 26th of May.

# IMPORTANT DATES

**Thursday 1st May**—School closed—IS day

**Monday 5th May**—School closed—May holiday
