Class Rules

Keep safe
Always work hard.
Keep the classroom tidy.
Be kind and caring.
Listen when someone is talking.
Always raise your hand before speaking.

Primary 5B - Term 1

Literacy

We have some great novel studies planned for Primary 5 starting with James and the Giant Peach in Term 1. We will be using the Book Detectives approach building up to working in groups.

In writing we will have a block of personal writing to kick off the term then we will concentrate on Writing Revolution strategies to build up our skills.

Everyone in Primary 5 is encouraged to read every day in order to improve their skills and we have a wide library to borrow books from.

Maths

In number we are focusing on place value and addition this term. In maths we are going to concentrate on telling the time using analogue and digital clocks. This is something that everyone should practise as much as possible as it's such a valuable life skill.

You can practise your maths skills at home by playing SUMDOG. https://www.sumdog.com/user/sign_in

Curricular Areas

In Primary 5 we are learning two modern languages, French and German with fortnightly lessons in each. We have music and PE lessons weekly. We are able to use computers every week.

In Health this term we are focusing on our roles and responsibilities in school and in the wider world and on forming and maintaining positive friendships. In RME we are going to look at Bible stories about Jesus and find out about Buddhism and its origins.

Topic

Our topic this term is Britain .

We will be learning about the physical geography of Scotland and its towns and cities, transport links and Government.
