NHS Dental Registration

Dear Parents and Carers,

Annan Dental Practice, 18-20 Church Street, Annan, DG12 6DS will be temporarily opening the NHS patient registration books for children **under the age of 18 years**.

If your child or young person you care for is under the age of 18 years and is not registered with a dentist. Please email: info@annandental.co.uk to place a request for NHS dental examination and registration.

Please subject your email "child dental registration" and include the following information:

1. Child's full name
2. Date of birth
3. Address
4. Contact telephone number
5. Contact email address
6. Please also confirm your preferred method of contact e.g. telephone call or email or any method of contact.

Once your email has been received by the practice you will get a confirmation email with practice policy information. The practice will then be in touch (either call or email) to arrange an appointment soon after.

If you are unable to email the practice to express your interest in NHS dental registration, then please attend the practice for a registration form. Please do not telephone the practice as the telephone line needs to be kept available for registered patients seeking emergency care. If you attend the practice for a registration form you will not be allocated an appointment at that time. Appointments will be allocated by the same timeline as email requests for registration.

The practice registration list will be open until Friday 29th March, please email or attend for a registration form before this date. Appointments will be allocated after the 29th March.

In the meantime, ensure your child or young person is tooth brushing with a fluoride toothpaste for 2 minutes, twice per day. Spit the toothpaste out after brushing but don't immediately rinse with water or mouthwash. Happy brushing.

We look forward to hearing from you soon.

Annan Dental Team.
