What did you like most about the event?

11 Responses

2	anonymous	It's nice to see how the kids are being taught how to learn there words and what we can do to help them at home.
3	anonymous	Seeing the actual content that our children were learning in class. Also good tips about how to help with homework.
4	anonymous	Very informative and lovely manner from teaching staff.
5	anonymous	Easy and informal
6	anonymous	The explanation of the teaching methods used. I'll be able to look into these myself now to ensure that I'm supporting my child at home using the same methods taught in class particularly the use of sounds
7	anonymous	Increased my understanding of jolly phonics and how to support my child with this
8	anonymous	The detail given to Jolly Phonics and the structure of the P1 school day.
9	anonymous	Learning how to correctly teach my child letter sounds
10	anonymous	I liked seeing the reading materials they'd be getting. I was also glad to hear about funding for playground equipment. As stated play, especially at this age is very important and they do not have outside play available to them at the moment. I think outside toys and equipment are imperative
11	anonymous	It was delivered by both P1 teachers

4. How satisfied are you with the event?

[More details](#)

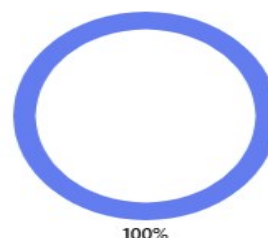

Promoters	10
Passives	2
Detractors	1

5. Will you join us again when we have another event?

[More details](#)

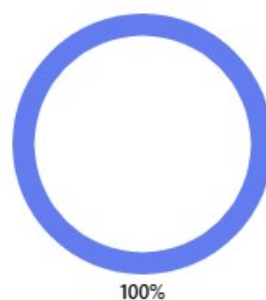

Yes	13
No	0

6. Do you think the event was well organised?

[More details](#)

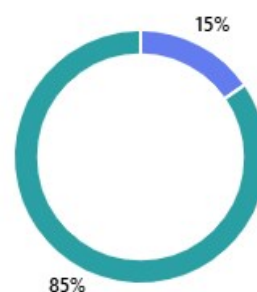

- Yes 13
- No 0

7. How did you find the length of the event?

[More details](#)

- It was too long 2
- It was too short 0
- It was the perfect length 11

8. What did you like least about the event?

6 Responses

ID ↑	Name	Responses
1	anonymous	It was all perfect
2	anonymous	N/A
3	anonymous	Would have preferred more notice as it was a child free event
4	anonymous	Although it was informative, the volume of information was overwhelming
5	anonymous	Felt like I was back in school a little. Was expecting more personal level and less presentational.
6	anonymous	N/A

9. Are you able to give us any feedback about the information you were provided? Is there anything else that you would have liked us to include?

4 Responses

ID ↑	Name	Responses
1	anonymous	Think everything was covered well.
2	anonymous	N/A
3	anonymous	No, I feel the information was informative, queries I had were addressed.
4	anonymous	The information was really helpful, thank you. There was little information given about number work and how this is taught. We were told what topics would be covered but no information about the maths scheme. This would have been helpful too.

10. Did you feel that you were welcomed into the school and classroom by staff?
