

# Primary 3B Home Learning Grid w.b.

## 16/06/2020

In addition to your daily Literacy & Numeracy tasks we are sharing activities so that you can keep learning in other curricular areas. These will be shared with you on a Monday and you can try different learning challenges across the week. The activities in the bottom row will rotate so that you can access different areas of the curriculum across the weeks.

Topic		The Hogwarts students have started talking about family blood-lines and family histories. Can you create your own family tree? Start with yourself, then work your way back.	Herbology lesson! Go out into your garden, or a local park. Can you take pictures of plants and flowers and then research and find out what they are when you get home?
Expressive Arts		Using a mirror, can you draw a self-portrait. Remember to think about all the features that make up your face – use your pencil to help you measure – just like we did at the very start of the year.	Act out a scene from your favourite book/film. Think about their emotions, remember they are 'SHOWING, not telling' you how they feel.
Health & Wellbeing		As the team who placed 3 <sup>rd</sup> in sports day (WOOHOO!!!) I think we should do a victory lap around your garden/john dixon/Balbirnie park!	Take part in a Cosmic Kids yoga session on Youtube! Practice your balancing skills, it may even help you relax a little.
