

Primary 5a Homework Grid (Term 1)

<p>Literacy</p>		<p>Create a descriptive writing piece about a friend. Can you use similies to help you describe your friend in detail?</p> <p>Pay attention to VCOP when completing your writing.</p>	<p>Watch some adverts on the television. Can you talk with an adult or older sibling at home about the language used?</p> <p>Pick an advert that you like, can you write down all of the reasons as to why you like it?</p>	<p>Read, read, read! Read with an adult and explore some new vocabulary. Choose a range of different text to explore, (newspapers, books, comics, etc)</p>
<p>Numeracy</p>		<p>Use 'Hit the Button' online or Number Gym to practise your timestables. Remember to challenge yourself. It's a good feeling when you master a new timestable!</p>	<p>How many 2, 3 and 4 digit numbers can you find in your environment? Can you record these and feed back to the class how many ones, tens, hundreds and thousands each number contains?</p>	<p>Take a walk around your community. Can you find different examples of how time is used around you? Take some photographs (if you can) and share what you have found with the class!</p>
<p>STEAM (science, art, technology)</p>		<p>Use the BBC Bitesize website to explore 'Rocks and Soil.' Find out some new information to share with the class.</p>	<p>Explore what the earth is made of. Can you create a labeled diagram or labeled model showing the different layers and materials?</p>	<p>Can you find an experiment related to our topic 'Rocks and Soil' that we can try in class? Try this out at home first!</p>
<p>ICT</p>		<p>Practise your keyboard skills. VERY IMPORTANT SKILL. Can you use both hands? How many times in one minute can you type out your full name? Next time try to beat your score!</p>	<p>Practise your copy and pasting skills by creating a factfile about different rocks on a Word Document.</p>	<p>With an adults help, can you create a quiz using 'Kahoot' online about an aspect of our class learning? You can share this with a group of children in class using the ICT equipment.</p>
<p>Health & Wellbeing</p>		<p>Play a board game with your family. Practise taking turns and being supportive to one another.</p>	<p>Create a fitness routine for your family/friends. Concentrate on the intructions you are delivering and ensure that your family/friends are listening well.</p>	<p>Perform an act of kindness everyday for a week. Record how this has made you feel and report back to the class.</p>
