

Home Learning Grid P1/2

Week Beginning 22nd June 2020

This learning grid will serve over the final two weeks of term. Therefore, you should have an activity to last you every day until we finish on Thursday 2nd July. Remember to post photos of any completed activities on See-Saw 😊

<p><u>Topic</u></p> <p>Make your own toy stick. Think of as many uses for the stick as possible, just like in our story. Take photos of the stick and post it on See-Saw with your ideas.</p> <p>I have posted a poster on See-Saw with some ideas to get your started - get your creative juices flowing!</p>	<p><u>Topic</u></p> <p>Create an end of topic poster for our Toys topic. Make sure you show something you have enjoyed learning about.</p>	<p><u>Expressive Arts</u></p> <p>Can you make a musical instrument with natural resources? You could fill some empty water bottles with stones/stick/pebbles and experiment with the sounds they make. Can you create a set of drums with some wooden logs and sticks? I'd love to hear what sounds you come up with.</p>
<p><u>Expressive Arts</u></p> <p>Can you create a piece of art with some sticks? The website below has some fantastic ideas; I particularly liked the owl! If you don't have any other craft materials or glue, why not do some transient art like we've done in John Dixon park? Remember when we created some pictures using sticks and stones from the trees?</p> <p>https://www.easypeasyandfun.com/creative-crafts-with-sticks/</p>	<p><u>HWB</u></p> <p>Fill in the 'My Favourite Memories' worksheet on See-Saw. Think carefully about what special memories you made in Primary 1/2, who your friends have been and what has been your favourite thing to learn. The page on SeeSaw is just a template so you are welcome to create your own poster on a piece of paper or in your jotter instead.</p>	<p><u>HWB</u></p> <p>Have a go at some Cosmic Kids Yoga with Calypso the Flamingo!</p> <p>https://www.youtube.com/watch?v=96R059yOPVI</p>

STEM

With sticks from nature, can you create a water safe raft that will float in water?

<http://www.theboyandme.co.uk/2013/08/05/how-to-make-a-stick-raft-43/>

ICT

Use your word walls and a word processor to practise typing your tricky words. Why not experiment with fonts and colours to make them look more interesting. If you wanted, you could have a go at typing some of your tricky words in a sentence.

HWB

I am so sad that I won't be able to be your teacher next year. I'll be at home for a wee while to look after baby Sadie, but I will be back next year and will definitely visit you all when it's safe to do so.

In the meantime, I thought it might be nice to let your new teacher know a little bit more about you! There is a template on See-Saw to do this activity but feel free to create a page in your jotter or a piece of paper instead. If you post it on See-Saw I'll make sure to send it to your new teacher once we know who they are.
