

# Primary 3B Home Learning Grid w.b.

03/06/2020

In addition to your daily Literacy & Numeracy tasks we are sharing activities so that you can keep learning in other curricular areas. These will be shared with you on a Monday and you can try different learning challenges across the week. The activities in the bottom row will rotate so that you can access different areas of the curriculum across the weeks.

Topic		Transfiguration lesson- Look at the transformation of a caterpillar. How does it change into a butterfly? What happens? Can you find a way to present your findings?	Another year has begun at Hogwarts! Can you design your own house banner?  Will you use <b>hot</b> or <b>cold</b> colours to do this? Or will you be adventurous and use a combination of both!
Expressive Arts		Go for a walk around your local area and collect different natural materials (sticks, grass, leaves, stones etc).  Then use the materials you have to create a picture of yourself. It could be just your face or your whole body.	Act out a scene from your favourite book. Will you need props? Will you need to change the way you look?  What emotions will you need to show? How does this character sound?
