

It is time for the Summer sales! The price tags on these tickets are the prices before reductions have been made. Calculate the value of the reduction on each toy, then write their new prices. **You must show your working out.**

E.g. Monopoly = £35.00

10% of £35.00 = £3.50

5% of £35.00 = £1.75

So 15% of £35.00 = £5.25

+£1.75

£5.25

£35.00 - £5.25 = **£29.75**

Nerf scooter

£28.00

Space Hopper

£19.60

Zinc Pro Safety Pads

£15.20

Nerf Vortex Pyragon Blaster
