| <p>Topic</p>  | <p>Mini Topic - Significant Sportsperson.</p> <p>TASK: Make a family tree of your sportsperson. See merged PDF file attached to this grid. 😊</p> | <p>TASK: List and illustrate your sportsperson's kit, including all equipment. For example, if your sportsperson is a footballer, then they will have a home and away kit for their own club and perhaps their country's strip. Equipment would be the protective gear, footballs, training aids etc.</p> |
| <p>Expressive Arts</p>  | <p>ART and Design:</p> <p>TASK: Stonehenge needs an article to itself as the history behind it is incredible. At each solstice the rising sun reaches the middle of the stones, but if you happen to be passing by it really is an amazing sight to see regardless of the time of year.</p> <p>You have a choice of two art activities, details for both can be found in the merged PDF file attached to this grid. 😊</p> | <p>Music:</p> <p>TASK: Summer Solstice Poem. This is a poem but can you turn it into a song - i.e. sing it? Perhaps you could add in a musical instrument or two? Record yourself in SeeSaw.</p> <p>See merged PDF file attached to this grid. 😊</p> |
| <p>Health & Wellbeing</p>  | <p>P.E.</p> <p>Task: Run a daily distance. This can be a 'daily 1/2 mile, a daily mile or just do what I did as a child and run round the 'block'. Your aim is to run the same distance each day of the week. 😊</p> | <p>Mental Wellbeing:</p> <p>On average, children aged 6 to 13 years old need about 9 to 11 hours of sleep each night.</p> <p>TASK: Keep a note of how many hours you sleep, each night, over the next 7 nights Mon - Sun. This information may be used in a maths task next week. 😊</p> |
| <p>STEM/ ICT/ RME</p>  | <p>STEM and ICT:</p> <p>Found in the merged PDF file attached to this grid, are a few STEM tasks for you to enjoy. However, they are linked to ICT, as you will have to do some independent research to find out how to make a photo-frame, what is needed for a butterfly garden and a recipe for ice-cream.</p> <p>Share on SeeSaw all your accomplishments. Have fun! 😊</p> | |

Topic: This is only one example of a family tree. You can produce your own. If your sportsperson has a pet, you may wish to include them on the tree too!

Expressive Arts:

1. Design a stamp to celebrate the 2020 summer solstice.

2. Draw and colour/paint this picture of Stonehenge. 😊

Music:

If you see a fairy ring
In a field of grass,
Very lightly step around,
Tiptoe as you pass;
Last night fairies frolicked there,
And they're sleeping somewhere near.

If you see a tiny fay
Lying fast asleep,
Shut your eyes and run away,
Do not stay or peep;
And be sure you never tell,
Or you'll break a fairy spell. -- *William Shakespeare*

Health and Wellbeing: Sleep record.

| Monday | Tuesday | Wednesday | Thursday | Friday | Saturday | Sunday |

| Hours | Hours | Hours | Hours | Hours | Hours | Hours |
| | | | | | | |

STEM and ICT:

- ✚ Take photographs of something from nature - choose your favourite one and put it into a homemade, photo-frame.
 - ✚ Make a butterfly garden.
 - ✚ Make some ice lollies using diluted juice, lollipop sticks and a freezer! If you are feeling adventurous, add some more ingredients - fresh fruit, yoghurt etc.
 - ✚ Instead of ice lollies, make your own ice=cream. 😊
-

To help you with some of the tasks included in this home-learning grid, you might decide to do some research into the Summer Solstice. Remember, if you do, you can share this new learning in any way you wish. There is nothing to stop you being as creative as you wish. 😊
