**OUR School, OUR Work, OUR Future**

## THE EDDIE MILLER EASTBANK BURSARY FOR PERFORMING ARTS HIGHER EDUCATION STUDENTS

We are delighted to report that the Eddie Miller Foundation has once again provided valuable and generous support for our young people engaged in the study of Music and the Performing Arts. The first Eddie Miller Eastbank Bursary for Performing Arts Higher Education Students has been awarded to Kimberley, who completed her sixth-year last session and left Eastbank Academy in June, and has secured a place in a Performing Arts course at college.

Kimberley's course requires her to purchase a great deal of specialist equipment – failing to do so would result in her being unable to complete the course. However, the support of the Eddie Miller foundation, and the award of the Bursary, mean that she can purchase all the equipment she needs and successfully complete her studies, and achieve the qualification. This bursary really will make a difference for Kimberley who was both delighted and extremely grateful for this support.

Eastbank Academy very much appreciates the ongoing support of the Eddie Miller Foundation. This particular award, and future awards of this bursary, will have a huge impact on young people's lives and future prospects.
