

Reading	Writing/ spelling	Maths	Health & wellbeing	Other areas
<p>Read the story, The Best Dress Ever at <a href="https://www.twinkl.co.uk/resource/t-or-774-the-best-dress-ever-ebook">https://www.twinkl.co.uk/resource/t-or-774-the-best-dress-ever-ebook</a> . Before you read, can you predict what the book might be about? Remember to use the pictures and words to help you.</p>	<p>Keep practising spelling the common tricky words using <a href="http://www.ictgames.com/littleBirdSpelling/">www.ictgames.com/littleBirdSpelling/</a> or spooky spellings.</p>	<p>Numbers before and after.</p> <p>Get someone in your house to write a list of numbers and see if you can tell them the numbers that come before and after them.</p> <p>For a challenge, ask them to give you higher numbers!</p>	<p>Try some breathing exercises. Breathe in for 5 seconds, pause and out for 5 seconds. Take a look at the below website for further great breathing exercises: <a href="https://copingskillsforkids.com/deep-breathing-exercises-for-kids">https://copingskillsforkids.com/deep-breathing-exercises-for-kids</a></p>	<p>Challenge your memory! Pretend you are going for a picnic with your family and using the alphabet take it in turns to say what you would take. For example first person would say, "I am going on a picnic and would take an <b>a</b>pple." Second person would say "I am going on a picnic and would take a <b>b</b>all and an <b>a</b>pple."</p>
<p>In the activities section of seesaw choose a Reading Question card for The Best Dress Ever or your favourite book. Try to pick a different one from last week to challenge yourself.</p>	<p>List as many words as you can that rhyme with the below words:</p> <p>tree          fun          cat book          coat          sing</p>	<p>Choose an activity from the Maths Grid, remember, you can adapt these activities to make them easier or more challenging.</p>	<p>Put on your favourite song and make up a dance to it. Put on a show for the people in your house and see how good they thought you were. You could dress up too if you have any costumes or props lying about?</p>	<p>Look up at the clouds when you are out a walk. What do they look like? Can you see any shapes, patterns, images?</p>
<p>Recalling the story.</p> <p>In the activities section of seesaw you will find a link to a worksheet that you can use to discuss if you can't print it.</p> <p>Please help your child to discuss what happened each day in the book. For extra practise they can attempt to write the days of the week too. These can be written on paper you already have in the house.</p>	<p>Describe your favourite outfit.</p> <p>Tell us what your favourite outfit to wear is. What colours are in it, what material is it made of? You should try to include some adjectives – remember these are describing words like red, shiny, smooth, etc.</p> <p>You can draw a picture to match if you want.</p>	<p>Fractions fun!</p> <p>See the powerpoint about identifying halves of shapes and then follow up with the halving activity. If you have access to a printer you could print these and have your child match the halves up together. Alternatively, your child can tell you why these are shapes are halved.</p> <p>For a challenge, look about the house and see if you can spot household objects that could be cut in half too.</p>	<p>The way we are learning is very different just now. Discuss with someone in your house how your routine has changed. Are there things you enjoy from these changes? What are they and why? Are there things that you miss and why? Remember we are all in this together.</p>	<p>Ask someone at home to fill a bag with some random objects. You must close your eyes, reach inside the bag, hold an object and try to guess what it is! You will have to concentrate and use your senses to work it out!</p>
<p>Wordbox practise – can you challenge yourself to move onto the next word box?</p>	<p>Choose an activity from the spelling grid and practise your tricky words.</p>	<p>Cut a piece of string, ribbon, etc to any length. Can you find things that are longer/smaller than the string? Did you guess correctly?</p>	<p>Draw a picture of 5 things that you feel grateful for.</p>	<p>Listen to/sing a song that makes you feel happy. Share the song with people in your family to put a smile on their face too!</p>
