- Art with Mrs Mrs Watson on Tuesday
- Technology with Mr Reid on Tuesday

Children are to come to school in outdoor PE kits on Mondays and Thursdays.

# Our Learning

## Primary 7

This booklet is designed to give you information about what your child is learning in school this term.

### **Numeracy**

In numeracy this term, we will revise our multiplication and division facts along with written methods of addition, subtraction, multiplication and division. We will work on using a range mental and written strategies, explain our working and why we are using particular strategies. We will be using Big Maths to help develop our calculation speed and agility. This term we will mainly be focusing on number - reading, writing and ordering numbers up to 1 billion, working with numbers with up to 3 decimal places, rounding and estimating and calculating probability and chance. This term, we will also develop our problem-solving skills, working with a range of written real-life context problems, using money, measure and time.

### **Literacy**

Our focus in writing will be on imaginative writing, including developing our use of descriptive language in when developing settings and characters. We will be learning how to improve our own writing and self asses our work against success criteria. In reading we will be focusing reading for information to answer questions and explain our thoughts and opinions of the texts. We will also be learning how to effectively summarise what have read. In talking and listening we will be focusing on speaking clearly, sharing our ideas and opinions while being respectful and attentive listeners. We will be learning about myths and legends through literacy, we will take notes, retell stories and create our own texts such as posters, fact files, reports and newspapers articles. We will be working to improve our handwriting and using joined script.

### **Health and Wellbeing**

In PE this term the focuses will be improving fitness and stamina with Miss Brown and with Mr K we will be developing our tennis skills. In health we will be following a program called Bounce Back and learn about fairness, honesty, respect, responsibility, kindness and co-operation and think about how they impact on our lives and the choices we make in social situations.

### **Technology**

In technology with Mr Reid we will be working on creating games through the app 'Sketch Nation'. This app develops skills of creativity and problem solving, through offering huge amounts of customisation when creating their games. We will share our creations with the class and improve our games based on the feedback given, as well as learning how to adapt online images for use in our games.

### **IDL**

Our topic this term will be about Myths and Legends. We will look at Scottish, Greek and Norse Mythology. We will compare and contrast different legends and debate their meanings. We will research information about different mythological creatures, stories and legends.

### **Expressive Arts**

In Art and Design we are studying the visual elements and concepts, beginning with line. We shall be looking at mark-making, continuous line, cross-hatching, layering, expressive line, natural form, and observation drawing. Through these we shall create and present work which shows progression of skills.
