

Fossoway Primary School

Learning Overview

Name _____ Term _____

Primary 3

Literacy

- Develop my use of openers and connectives within sentences that I write
- Using phonemes to spell and read new vocabulary accurately
- Use vocabulary related to our learning context in our writing
- Read a variety of texts, including the internet to find and share information

Numeracy and Mathematics

- Count in patterns including halves, quarters and tenths
- Use my Learn Its to complete calculations
- Apply my knowledge of numbers bonds to larger numbers and calculations
- Independently add and subtract 1 digit numbers to any two digit number
- Solve division calculations using objects to support me

Health and Wellbeing

- I will take part in gymnastics activities
- I will be able to talk about my own and others skills and abilities when solving problems
- I will discuss and demonstrate how to stay safe in different situations

Highlights from other areas of the Curriculum

- I will show emotions within drama using my face, voice and actions
- I will use musical instruments to create sounds and sort these into different categories

Skills we will develop

- Share my ideas and give a short explanation
- Work co-operatively with others
- Listen for information
- Make reasoned choices

Interdisciplinary Learning

- Design a Superhero which represents our learning about energy and sound
- Use recording equipment to create videos
- Design inventions, considering what it will do and how it will work

Notes about the upcoming Term

- We are developing our confidence in creating questions for our learning through play
- We will be celebrating Global Play Day
- We will continue to take part in Bounce Back activities
