## Improvement Priority 1 - Continuity of Learning

<p style="text-align: center;"><b>Quality Indicator</b></p> <p>2.2 Curriculum 2.3 Learning, teaching and assessment 3.2 Raising Attainment and Achievement</p>	<p style="text-align: center;"><b>Recovery Priority</b></p> <p>These have been generated as a series of prompts/suggestions to assist schools with the recovery planning process. They are based around current research and information around recovery and National Guidelines.</p>	<p style="text-align: center;"><b>School Rationale</b></p> <p>This section should outline why you have chosen to focus on this school improvement area. Draw on your self-evaluation evidence from your S&amp;Q to complete this section.</p>	<p style="text-align: center;"><b>Key Recovery Tasks (Action Plan)</b></p> <p>This section should be a brief outline of what you intend to do. Consider who will be involved and when it will be achieved.</p>	<p style="text-align: center;"><b>Desired Outcomes and Measures</b></p> <p>This section outlines what the desired impact will be for our children and young people and how it will be measured.</p>
<p><b>2.2 Curriculum</b></p> <p><b>Theme 1: Rationale and design</b></p> <p>Our curriculum is grounded in our commitment to securing children's rights and wellbeing. It takes account of learners' entitlements and the four capacities and reflects the uniqueness of our setting.</p> <p>There is a strategic overview which we use to ensure a shared understanding of the purpose and design of the curriculum.</p> <p>We take very good account of the four contexts for learning and cross-cutting themes such as equality, enterprise, creativity, sustainable development education and international engagement.</p> <p>Our creative and innovative approaches to curriculum design support positive outcomes for learners.</p> <p><b>Theme 2: Development of the curriculum</b></p> <p>Our curriculum is regularly reviewed and refreshed by an informed awareness of current education thinking and evolves through ongoing debate within the school community.</p>	<p><b>Schools should:</b></p> <ul style="list-style-type: none"> <li>Consider the curriculum rationale and how this should/could be adapted for the forthcoming session, considering the varied experiences learners have had during session 20-21.</li> <li>Consider how cross curricular themes can support the delivery of different curricular areas.</li> <li>Think creatively, innovatively and "outside the box" to ensure provision of a wide and varied curriculum.</li> <li>Ensure all curricular areas are being covered.</li> </ul> <p>Prioritise, through self-evaluation, any curricular area which should be reviewed or refreshed, considering those that were utilised well during remote learning. (eg. Digital learning, IDL)</p> <ul style="list-style-type: none"> <li>Ensure the curriculum provides all children and young people with breadth and depth in their learning, including experiences which include skill development in a range of contexts and environments. (including outdoors)</li> </ul>	<ul style="list-style-type: none"> <li>Remote Learning and the COVID-19 pandemic more widely highlighted the socio-economic, health and social needs within our school community.</li> </ul> <p><b>IDL – In School &amp; Remote Learning</b></p> <p>IDL planned across stages with themes identified for whole school focus. Planners included opportunities for personalisation and choice. Approach to curriculum (see above) highlighted a need to 'de-clutter' Social Studies/IDL and Sciences.</p> <ul style="list-style-type: none"> <li>Skilful use of digital technologies and online platforms to support Remote Learning should it be continued. Opportunities for staff to develop proficiency and confidence with increasing range of online platforms and tools to support learning.</li> </ul>	<ul style="list-style-type: none"> <li>Reviewing Vision, Values and Aims (link to HWB Priority). <b>(All stakeholders, October-December 2021)</b></li> <li>Development of our Curriculum Rationale to reflect the uniqueness of our school and its community. <b>(All stakeholders, October-December 2021)</b></li> <li>Review curriculum overviews for Social Studies/and Sciences in line with refresh curriculum narrative and new Curriculum Rationale. <b>(HT and Class Teachers) *Pedagogy will be a future improvement priority. (HT, Staff, Pupils and Community, January – March 2022)</b></li> </ul> <p>Digital Schools Award including:</p> <ul style="list-style-type: none"> <li>progressive pathway for Digital Literacy and Computing Science.</li> <li>learning and teaching.</li> <li>ICT hardware and software to support ASN or gaps in learning (link to Equity). <b>(ICT Co-ordinator, All staff, pupils)</b></li> </ul>	<ul style="list-style-type: none"> <li>Children experience a curriculum which is meaningful and relevant to our school context and community. With a focus on:                         <ul style="list-style-type: none"> <li>attainment over time</li> <li>wellbeing, participation and engagement</li> <li>socio-economic, political and health needs</li> <li>historical, current, and future influences.</li> </ul> </li> <li>Children experience a curriculum which is engaging, relevant and meaningful and which offer opportunities for exciting IDL that make connections locally, nationally and globally and which place value on the past, present and future. <b>(Planning dialogue, Quality Assurance and Views)</b></li> <li>Learning and teaching in Digital Literacy and Computing Science in progressive, skills based and engaging.</li> <li>Pupils with ASN are effectively supported through assistive technology e.g. immersive reader.</li> </ul>

<p><b>Theme 3: Learning pathways</b> The curriculum provides flexible learning pathways which lead to raising attainment through meeting the needs and aspirations of all our learners. Learning pathways support children and young people to build on their prior learning and ensure appropriate progression for all learners. Learning pathways are based on the experiences and outcomes and design principles of progression, coherence, breadth, depth, personalisation and choice, challenge and enjoyment and relevance.</p> <p>We ensure children and young people have access to high-quality learning in all curriculum areas and through outdoor learning.</p> <p>All staff take responsibility for developing literacy, numeracy, health and wellbeing and digital literacy across the curriculum. Learners demonstrate these skills at a high level in a variety of meaningful contexts.</p> <p><b>Theme 4: Skills for learning, life and work</b> All staff and partners provide very good opportunities to develop children and young people's skills for learning, life and work in motivating contexts for learning.</p> <p>We emphasise enterprise and creativity across all areas of learning.</p>	<ul style="list-style-type: none"> <li>• Ensure that identified learning pathways are flexible enough to support <u>all</u> learners – no matter their experience during remote learning or level of engagement over the last session.</li> <li>• Consider the importance of learning through meaningful and real-life contexts (reflecting on the success of this within remote learning period)</li> <li>• Consider the ways to further develop skills for learning, life and work through a variety of contexts.</li> </ul>	<ul style="list-style-type: none"> <li>• The focus on Literacy, Numeracy and HWB (with CCC teachers leading IDL/wider curriculum) during 2020-2021 had a positive impact on attainment across the school.</li> <li>• Analysis of the progressive cohort data pre COVID-19 and in June 2021 showed increased attainment for:             <ul style="list-style-type: none"> <li>• P.2 in Reading &amp; Writing</li> <li>• Across Literacy &amp; Numeracy for P.3s, P.4s and P,7s</li> <li>• P.5s in Reading, Writing and Numeracy for current P.5s</li> <li>• Increased attainment in Listening and Talking for P.6 and consistency in Writing and Numeracy</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• Revisit Literacy and Numeracy pathways to ensure progression is appropriate. Re-evaluate E&amp;O 'bundles' to maintain coherence, relevance and depth. <b>(Co-ordinators)</b></li> <li>• Develop HWB Pathway (refer to HWB Priority)</li> </ul>	<ul style="list-style-type: none"> <li>• Pupils experience high quality learning and teaching matched to their strengths and needs within Literacy and Numeracy. <b>(Quality Assurance and Pupil Views)</b></li> <li>• Class teachers consistently using E&amp;Os and Benchmarks to plan and assess pupil learning to ensure pace, challenge and progression. <b>(Planning and attainment dialogue)</b></li> </ul>
---	--	---	--	--

<p><b>2.3 Learning, teaching and assessment</b></p> <p><b>Theme 1: Learning and engagement</b> Our children and young people are eager and active participants who are fully engaged, resilient, highly motivated and interact well during activities.</p> <p>Learners' experiences are appropriately challenging and enjoyable and well matched to their needs and interests. Learners exercise choice, including the appropriate use of digital technology, and take increasing responsibility as they become more independent in their learning.</p>	<p><b>Schools should:</b></p> <ul style="list-style-type: none"> <li>Take into account previously recorded levels of engagement and build upon these, considering how they can support and influence future learning and teaching.</li> <li>Ensure learners' experiences include appropriate levels of <u>challenge</u> and <u>support</u>, linked to current assessment information.</li> </ul>	<ul style="list-style-type: none"> <li>Review of data collected about pupil engagement in Remote Learning showed a very positive improvement compared to the first lockdown (March-June 2020). The number of pupils showing extremely high, high or moderate engagement increased by 30.9% from 32.1% to 63%. 27 children had extremely low engagement.</li> <li>While overall attendance increased to 93.39%, 9 children have attendance below 85% for the session 2020-2021. More than 50% of whom are now being supported in a multi-agency capacity.</li> </ul>	<ul style="list-style-type: none"> <li>Build on tracking of engagement with Remote Learning by developing whole school tracking and monitoring engagement in learning using standardised approach e.g. Leuven's or Schlechty's. Initial focus on 27 children with 'extremely low' engagement during Remote Learning. <b>(CofL Lead, HT and YFCL Worker)</b> (link to Equity)</li> <li>Targeted support and adapting pedagogy including Outdoor learning (link to Equity) with results used to adapt pedagogy, enhance learning and teaching and to raise attainment.</li> <li>Targeted support to all families where attendance is a concern (below 85%). <b>(HT, Parental Engagement Lead, 0.2 FTE YFCL Worker &amp; Multi-agency partners)</b> (link to Equity)</li> </ul>	<ul style="list-style-type: none"> <li>Increased engagement of targeted pupils through agreed interventions and support.</li> <li>Assessment and attainment indicate improvement in learning while Progress and Achievement (SEEMIS) data show increased effort and progress in skills. <b>(Data, Attainment Dialogue)</b></li> <li>Attendance for all targeted children increases.             <ul style="list-style-type: none"> <li>Attendance is over 95% for 4 target pupils</li> <li>Attendance target of over 85% for 5 targeted pupils <b>(SEEMIS Data)</b></li> </ul> </li> </ul>
<p><b>Theme 2: Quality of teaching</b> We use a wide range of learning environments and creative teaching approaches. Learning is enriched and supported by our effective use of digital technologies.</p> <p>Our explanations and instructions are clear. We use skilled questioning and engagement to promote curiosity, independence and confidence and to regularly enable higher-order thinking skills in all learners.</p> <p>We observe learners closely to inform appropriate and well-timed interventions and future learning. We use feedback effectively to inform and support progress in learning.</p>	<ul style="list-style-type: none"> <li>Consider which elements of learning and teaching, which were adapted and utilised well during remote learning, could be continued and integrated into common practice.</li> <li>Establish a clear overview of current learning and teaching processes, drawing on robust self-evaluation.</li> <li>Provide opportunities for staff CLPL to ensure effective delivery of learning and teaching, reflecting on appropriate elements of the Learning, Teaching and Assessment (Moderation) Cycle. (eg. LI/SCs, questioning, feedback...)</li> </ul>	<ul style="list-style-type: none"> <li>High quality learning and teaching will be a key feature in every lesson within every class.</li> </ul>	<ul style="list-style-type: none"> <li>CLPL /CAT focused on pedagogy and high-quality learning and teaching. <b>(All staff, Ongoing)</b></li> </ul> <p>Key themes planned (* link to Equity):</p> <ul style="list-style-type: none"> <li>Differentiation and engagement</li> <li>Active Literacy refresh</li> <li>*Maths Recovery (Education Scotland Pilot project)</li> <li>*Play (SLC partnership project with Deirdre Grogan, Strathclyde University)</li> <li>*Reading Schools/Reading for Pleasure</li> <li>Feedback &amp; Learner Conversations</li> </ul>	<ul style="list-style-type: none"> <li>All learners experience consistent, effective learning and teaching with appropriate pace and challenge). <b>(Quality Assurance, Peer Visits/Learning Rounds)</b></li> <li>Children know and can discuss themselves as learners. They understand what they are learning and its relevance. <b>(PLPs, Quality Assurance, Focused Learning Visits/Observations).</b></li> </ul>

<p><b>Theme 3: Effective use of assessment</b> We use a variety of assessment approaches to allow learners to demonstrate their knowledge and understanding, skills, attributes and capabilities in different contexts across the curriculum.</p> <p>Our assessment evidence is valid and reliable. At key milestones, our assessments provide reliable evidence which we use to report on the progress of all children and young people.</p> <p>Across our learning community we have shared expectations for standards to be achieved and have robust arrangements for moderation across stages and across the curriculum.</p>	<ul style="list-style-type: none"> <li>• Consider current assessment calendar and assessments used and how these should be adapted to support recovery, establishing new assessment guidelines which take account of the varied learning experiences pupils will have had during last session.</li> <li>• Ensure a range of assessments (both formative and summative) are used to ascertain the learning needs for each learner.</li> <li>• Consider how moderation can be used – internally and across the Learning Community – to support their adapted/refreshed learning, teaching and assessment processes.</li> </ul>	<ul style="list-style-type: none"> <li>• Teacher professional judgements are more secure and lead by pupil progress toward application of Benchmarks. Summative assessment data will continue to be used to support judgements with deeper analysis of evidence to identify strengths and next steps, including patterns within groups, classes and across the school.</li> <li>• Promote a culture of shared planning to support moderation. Continue moderation of Writing from session 20/21.</li> <li>• Review and refine Assessment Framework to support monitoring, tracking to meet pupil needs. Introduce Writing Criterion as approach to tracking progress in Writing.</li> <li>• Key formative assessment strategies need to be reviewed into next session to ensure consistency and relevance.</li> </ul>	<ul style="list-style-type: none"> <li>• Summative Assessment within Reading, Spelling and Maths used to identify ‘summer slippage’, provide a baseline, measure progress and inform judgments. <b>Class Teachers, September 2021 and May 2022)</b></li> <li>• Moderation of Writing including shared planning. <b>(Class teachers, each planning period)</b></li> <li>• Introduce Learning Community Moderation partners.</li> <li>• Whole staff training and use Scottish Criterion Scale to support assessment and tracking of progress.</li> <li>• Peer class visits as part of quality assurance and identification of good practice.</li> </ul>	<ul style="list-style-type: none"> <li>• Teachers’ confidence in making and evidencing professional judgments of achievement of Benchmarks increases.</li> <li>• Learning and teaching is informed by assessment evidence, with all lessons effectively differentiated and children experiencing high quality learning and teaching. <b>(Quality Assurance, Peers Visits/Learning Rounds).</b></li> <li>• Achievement of a level in Writing is moderated locally and against national standards.</li> </ul>
<p><b>Theme 4: Planning, tracking and monitoring</b> As a result of our manageable processes to monitor and evaluate learners’ progress we have clear information on their attainment across all curriculum areas.</p>	<ul style="list-style-type: none"> <li>• Ensure tracking and monitoring processes are well utilised to inform both day to day planning for learning and teaching and longer-term assessment of progress.</li> </ul>	<ul style="list-style-type: none"> <li>• Assessment Framework introduced in 2020-2021 to support COVID Recovery.</li> <li>• Existing tracking and monitoring in place will be revisited and adapted where required to best inform learning and teaching.</li> </ul>	<ul style="list-style-type: none"> <li>• Review and refine Assessment Framework to support monitoring, tracking to meet pupil needs. <b>(HT, Literacy &amp; Numeracy Co-ordinators, September 2021)</b></li> <li>• Key formative assessment strategies need to be reviewed to ensure consistency and relevance.</li> </ul>	<ul style="list-style-type: none"> <li>• Consistent approach in place across the school. Pupil progress is support by analysis and diagnostic use of assessment data.</li> <li>• Formative Assessment approaches consistent across stage/school. Pupils setting appropriate personal targets based on feedback and knowing themselves as a learner.</li> </ul>

<p><b>3.2 Raising Attainment and Achievement</b>  <b>Theme 1: Attainment in Literacy and Numeracy</b>          Raise attainment in literacy and numeracy for all learners</p> <p>Learners make very good progress from their prior levels of attainment in literacy and numeracy.</p> <p><b>Theme 2: Attainment over time</b>          Staff make effective use of assessments and their shared understanding of standards to make confident professional judgements about how well children and young people are learning and progressing.</p> <p>A robust tracking system together with effective interventions ensures continuous progress for learners across the curriculum and at all phases in their education, including points of transition.</p> <p><b>Theme 3: Overall quality of learners' achievements</b>          Overall, our learners are successful, confident, exercise responsibility and contribute to the life of the school, the wider community and as global citizens.</p> <p>They are personally and socially adept and have achieved a range of skills and attributes through a wide range of activities.</p> <p>As they move through their learning pathways they take increasing responsibility for ensuring they continue to add value to their achievements.</p>	<p><b>Schools Should:</b></p> <ul style="list-style-type: none"> <li>Establish a clear picture of the literacy and numeracy landscape in their own context in order to establish the universal priorities for the year ahead as well as any targeted approaches for stages, groups and individuals.</li> <li>Provide opportunities for CLPL which supports staff to respond confidently to learners' needs, intervening timeously.</li> <li>Ensure tracking and monitoring enables earlier identification of young people who may be at risk of not attaining and apply relevant interventions.</li> <li>Consider how learner participation is emerging (audit) and plan appropriate next steps in the journey towards empowerment of children and young people in decisions about what matters to them most- in school, in the community and globally.</li> <li>Take into consideration experiences of learners whilst at home and how these impact on overall achievements of children and young people.</li> <li>Consider the key personnel and processes which will support learners to reflect on their learning pathway in the light of the varied learning experiences they will have had during 20-21 and, where necessary, reignite learner responsibility for their learning and achievement.</li> </ul>	<p><b>Achievement of a Level at Key Stages:</b></p> <p><b>Primary 1 (10 pupils)</b></p> <ul style="list-style-type: none"> <li>Reading: 70%</li> <li>Writing: 70%</li> <li>Listening &amp; Talking: 70%</li> <li>Numeracy: 70%</li> </ul> <p><b>Primary 4 (12 pupils)</b></p> <ul style="list-style-type: none"> <li>Reading: 66.67%</li> <li>Writing: 58.33%</li> <li>Listening &amp; Talking: 91.67%</li> <li>Numeracy: 58.33%</li> </ul> <p><b>Primary 7 (14 pupils)</b></p> <ul style="list-style-type: none"> <li>Reading: 50%</li> <li>Writing: 42.86%</li> <li>Listening &amp; Talking: 64.29%</li> <li>Numeracy: 42.86%</li> </ul> <p>Analysis of the last progressive cohort attainment data e.g. P.1 in 2020 to P.2 in 2021 pre COVID-19 to June 2021 indicates:</p> <ul style="list-style-type: none"> <li>Increased attainment for current P.2 in Reading and Writing</li> <li>Increased attainment across Literacy and Numeracy for current P.3s, P.4s and P,7s</li> <li>Increased attainment in Reading, Writing and Numeracy for current P.5s</li> <li>Increased attainment in Listening and Talking and consistency in Writing and numeracy for current P.6s</li> </ul> <ul style="list-style-type: none"> <li>Implementation of Active Literacy could be more consistent to support pupils' development of skills and strategies.</li> </ul>	<p><b>Universal priorities for 2021-2022:</b></p> <ul style="list-style-type: none"> <li>Improving attainment in all aspects of Literacy and Numeracy across P.1-7.</li> </ul> <p><b>Targeted approach for following 2021-2022 cohorts:</b></p> <ul style="list-style-type: none"> <li>Reading: P.3, P.5 and P.7</li> <li>Writing: P.3-P.7</li> <li>Listening &amp; Talking: P.3 and P.5</li> <li>Numeracy: P.3-P.7</li> </ul> <ul style="list-style-type: none"> <li>Assessment Framework used to provide baseline information and identify gaps in learning (<b>September 2021</b>) with progress measure <b>May 2022</b>). ## Improvement Priority 2 - Promote the positive health and wellbeing of children & young people, parents/carers and staff

Quality Indicator	Recovery Priority	School Rationale	Key Recovery Tasks (Action Plan)	Desired Outcomes and Measures
<p>3.1 Ensuring wellbeing, equality and inclusion</p> <ul style="list-style-type: none"> <li>Wellbeing</li> <li>Fulfilment of Statutory Duties</li> <li>Inclusion and Equality</li> </ul>	<p>These have been generated as a series of prompts/suggestions to assist schools with the recovery planning process. They are based around current research and information around recovery and National Guidelines.</p>	<p>This section should outline why you have chosen to focus on this school improvement area. Draw on your self-evaluation evidence from your S&amp;Q to complete this section.</p>	<p>This section should be a brief outline of what you intend to do. Consider who will be involved and when it will be achieved.</p>	<p>This section outlines what the desired impact will be for our children and young people and how it will be measured.</p>
<p><b>3.1 Ensuring wellbeing, equality and inclusion</b></p> <p><b>Theme 1 Wellbeing</b></p> <p>As a result of our approach to ensuring the wellbeing of all children and young people and their families, we are improving outcomes for children, young people and their families.</p> <p>Our school community has a shared understanding of wellbeing and in the dignity and worth of every individual.</p> <p>We know and can demonstrate that all of our children and young people feel safe, healthy, achieving, nurtured, active, respected, responsible and included.</p> <p>All staff and partners feel valued and supported. Our learners benefit from the high-quality education which we provide for all children and young people.</p> <p>Relationships across the school community are very positive and supportive, founded on a climate of mutual respect within a strong sense of community, shared values and high expectations.</p> <p>All staff and partners are proactive in promoting positive relationships in the classroom, playground and wider learning community.</p>	<p><b>Schools should:</b></p> <ul style="list-style-type: none"> <li>Assess current position in terms of whole school wellbeing. Use authority guidance/toolkit or other audit tools.</li> <li>Plan how best to promote an attachment - informed ethos and environment that nurtures reconnection, transitions and belonging within their unique context, based on the SLC attachment strategy.</li> <li>Provide opportunities for CLPL which allow staff to focus on individual and collective wellbeing needs of their children and young people, especially their most vulnerable.</li> <li>Identify partners from beyond the school that may be needed to help with the recovery process e.g. psychological services, third sector agencies.</li> <li>Have overt plans in place to support the wellbeing needs of staff and learners.</li> </ul>	<ul style="list-style-type: none"> <li>We anticipate next session to have COVID-19 related restrictions in place, therefore we will continue with the systems put in place this session. Health &amp; Wellbeing of pupils and staff needs to remain a priority to ensure everyone is best placed to teach and learn.</li> <li>Key features of Attachment Informed practice were beginning to be included within HWB programme.</li> <li>Staff changes necessitates review of remits</li> <li>The Recovery Curriculum Yearly Overview was developed based in August 2020 baseline. Emotion Works, Helathy Schools and Practical Mindset used to supplement learning and teaching, and to support children in developing additional wellbeing strategies. These should now be drive by E&amp;Os and Benchmarks.</li> </ul>	<ul style="list-style-type: none"> <li>Continue to prioritise HWB of staff and pupils through Attachment-Informed Practice and reviewing and renewing School Values. <b>(School Community, August-May 2022)</b></li> <li>Identify new HWB Co-ordinator/Lead and communicate to pupils, staff and parents <b>(September 2021)</b></li> <li>Review HWB Recovery Rationale to ensure continued relevance. Develop HWB Curriculum - creating knowledge and skills progression within Mental, emotional, social and physical wellbeing taking cognsance of E&amp;Os and Benchmarks <b>(HWB Group, Class Teachers, September to March 2022)</b></li> <li>Link Wellbeing Indicators to pathway and signpost the range of programmes available to support <b>(HWB Group, Class Teachers, September to March 2021)</b></li> </ul>	<ul style="list-style-type: none"> <li>A smooth transition back to school for pupils and staff. <b>(Views and observations).</b></li> <li>All staff, pupils and families feel safe, supported and valued. <b>(Views and observations).</b></li> <li>A positive and welcoming ethos permeates school and is based upon principles of Nurture (refer to Equity) and SLC Attachment Strategy. <b>(Views)</b></li> <li>All children, staff and families are aware of HWB Co-ordinator and the responsibilities of the role. <b>(School communication data)</b></li> <li>Children experience a progressive emotional health curriculum and be able to discuss their own emotional wellbeing and its effect on their physical wellbeing. <b>(Class Teacher Assessment, SLT observations)</b></li> </ul>

<p>We consider each child and young person as an individual with his/her own needs, risks and rights.</p> <p>We ensure children and young people are active participants in discussions and decisions which may affect their lives.</p>		<ul style="list-style-type: none"> <li>• GMWP introduced in 2020-2021 however an accurate comparison of improvement couldn't be taken as not all children completed survey during Remote Learning.</li> <li>• Data available from GMWP indicated:</li> <li>• Almost all pupils at P.4, P.5 and P7 tracked green (high) across all Wellbeing Indicators</li> <li>• In P6, a few tracked green (high) across all Wellbeing Indicators, with most pupils tracking on yellow (medium score).</li> </ul> <ul style="list-style-type: none"> <li>• SSAs beginning to use terminology during breaks. Pupil Voice groups identified that staff use the visual cogs in the playground to support children in managing emotions.</li> </ul>	<ul style="list-style-type: none"> <li>• Continued implementation of Emotion Works with a focus on application of vocabulary and strategies to social situations e.g. play time and lunch time.</li> <li>• Targeting HWB in P.7 through implementation of 'The Compassionate and Connected Classroom'.</li> <li>• Develop whole school approaches to evidencing learning, assessment and tracking and analysis of HWB for all learners, with pupils engaging with this process. <b>(HT, Class Teachers and pupils)</b>.</li> <li>• Closely monitor children's HWB using Staged Intervention as appropriate with interventions targeted to support specific pupils (where identified) <b>(HT, Class Teachers)</b></li> <li>• CLPL for teachers on Glasgow Motivation and Wellbeing Profile and Edinburgh Resilience.</li> <li>• Implementation of GMWP across P.3-7</li> </ul> <ul style="list-style-type: none"> <li>• Develop progressive vocabulary for emotional literacy (Emotion Works). Refresh 'Listen to Me' with tracking of use, intervention and impact.</li> <li>• Standardised approach to Daily Check-Ins with regular analysis of data to identify patterns, trends and to plan interventions.</li> </ul>	<ul style="list-style-type: none"> <li>• P.7 pupils have a solid understanding of trauma and adversity its impact on wellbeing. Greater levels of empathy, compassion and tolerance in their relationships with others.</li> <li>• Children's health and wellbeing will be tracked and monitored and where necessary, appropriate interventions will be targeted to children as required <b>(Planning and Attainment Tracking Meetings Meetings)</b></li> <li>• Staff confidence and skill in assessing pupil wellbeing increased.</li> </ul> <ul style="list-style-type: none"> <li>• Children's emotional literacy is developed. ## Improvement Priority 3 - Planning for Equity

Quality Indicator	Recovery Priority	School Rationale	Key Recovery Tasks (Action Plan)	Desired Outcomes and Measures
1.3 Leadership of Change 1.5 Management of Resources to Promote Equity 2.4 Personalised Support 2.5 Family Learning 3.1 Ensuring wellbeing, equality and inclusion 3.2 Raising Attainment and Achievement	These have been generated as a series of prompts/suggestions to assist schools with the recovery planning process. They are based around current research and information around recovery and National Guidelines.	This section should outline why you have chosen to focus on this school improvement area. Draw on your self-evaluation evidence from your S&Q to complete this section.	This section should be a brief outline of what you intend to do. Consider who will be involved and when it will be achieved.	This section outlines what the desired impact will be for our children and young people and how it will be measured.

### Closing the Poverty-related Attainment Gap

<p><b><u>3.1 Ensuring, wellbeing, equality and inclusion</u></b>  <b>Theme 3: Inclusion and Equality</b>                      We have effective strategies in place which are improving attainment and achievement for children and young people facing challenges such as those from our most deprived areas, young carers, those who are looked after and those with additional support needs.</p>	<p><b>Schools should:</b></p> <p>Identify groups/learners/stages requiring targeted additional support and identify which barriers are poverty-related through a rigorous analysis of all relevant available data (quantitative and qualitative) which takes account of:</p> <ul style="list-style-type: none"> <li>- Learners' wellbeing (Boxall profile, observations, wellbeing indicators)</li> <li>- Attainment (standardised assessments, class work, use of benchmarks, in-school assessments, SNSA)</li> <li>- Attendance and Punctuality (in-school at hubs)</li> <li>- Engagement (Leuven scale, observational data)</li> <li>- Participation (remote learning participation data)</li> </ul>	<ul style="list-style-type: none"> <li>• Of our 99 pupils 77 (77.78%) of children are from our Equity Cohort (SIMD1-2+FSM). ### Improvement Priority – Impact of Additional Recovery Staffing

Recovery Allocation (How much?)	School Rationale and Planned Interventions (What will they do and why?)	Desired Outcomes and Measures (What difference will it make and how will you know?)	Actual Impact (What difference did it make?)
	All schools are expected to track and monitor the recovery progress of individual Care Experienced learners and ensure their ASN plans are regularly reviewed.	This section should outline what the desired impact will be for your children and young people and how it will be measured. It should focus on the key measures of attendance, attainment, exclusions, participation and engagement.	This section should give an evaluative statement based on qualitative and quantitative data. This will be collected by central staff as part of SLC accountability to SG for recovery monies.
