

Numeracy and Mathematics

Children will be developing skills in:

- Multiplying
- Dividing
- Problem Solving
- Perimeter
- Area
- Recognising how maths is used in real life situations

All learners will be challenged at a pace appropriate to their learning.

Health and Wellbeing

Children will be developing skills in:

- Swimming
- Growth Mindset – using positive language
- Children will continue to be encouraged to talk about their emotions in small group settings.

RME

Christmas Story and associated seasonal activities

Homework

Our homework focus is **Reading** and children are invited to do one or more **discussion** tasks each week with an adult at home. A Maths task will also be provided each week and we will continue learning and revising the Times Tables.

Children should access Microsoft Teams through *Glow*, where they can access Maths tasks in Assignments.

Children who use **IDL** should complete this at home, ideally for one hour per week. Children can also use Sumdog at home.

Room 8 - Primary 4/5

Mrs Miller

November to December 2021

Dates for your Diary

Inservice Day Mon 15th Nov

Book Week 15th to 19th Nov
