

S5/6 weekly update

This week has been a particularly challenging week for all our senior pupils and staff in Lornshill Academy. As you will be aware, public health advised the school to have a two week circuit break for all senior pupils. This was a very difficult message to deliver to our pupils but we believe this decision will lead to less disruption to education in the medium and long term.

All teachers will post work on Google classrooms for their senior classes and pupils should follow their normal timetable whilst online. During timetabled periods, pupils can access their class teachers directly to ask questions or seek help via google classrooms. I have advised all pupils to contact their teachers if they are struggling with any of the work posted.

If any S5/6 pupil does not have adequate ICT to access google classrooms, I have asked they contact me as soon as possible and I will do my best to resolve the issue. Indeed if pupils have any issues and/or concerns they should contact me or their pupil support teacher. My email address is clhmcmahin@glow.sch.uk

Just to clarify all S5/6 pupils should not attend college courses during the two week circuit break.

Take care and I look forward to seeing all our S5/6 pupils back in Lornshill Academy soon.

H McMahin
