

We were delighted to welcome back our S3 students on Monday and they have settled back in well to life at Lornshill Academy. As we continue to work through these slightly different times, it is important that all students wear face coverings when walking around different areas of the school. This is particularly important during period changeovers but they should also be worn in our social areas when not eating at break and lunchtime. Face coverings should also be worn on school transport as well.

Given the current restrictions, the S3 parents' evening cannot go ahead as planned and as previously shared, a summary of learning will be issued for each student in relation to their chosen subjects. These will be issued from Monday 9th November. In the meantime, you will be able to see how your child is doing academically via our online tracking system Progress. Should you need more information about this system or require login details, please do not hesitate to get in touch with us.

We would appreciate your continued support in helping students follow our mobile phone policy. This means that mobile devices are not permitted in classrooms or corridor spaces at any time in the school day other than break and lunchtime. Should they be needed to enhance a learning experience in class, then the teacher will make this clear.

As a compassionate school, we were delighted with the response to our recent uniform drive. Items donated as part of this drive will help students within our school and we sincerely thank you for this. Should you have any further items of suitable clothing that you are willing to donate to our uniform drive, then these can be dropped off (in bags) in the pink box that sits in the school foyer.

As always, should you have any further questions, please do not hesitate to get in touch.

Mr Burrell

S3 Year Head
