

I hope you are all well and keeping safe. We are beginning to think about plans for next session and how we prepare our young people for moving forward. S1-3 pupils have been working hard through their online learning and are producing some excellent work. We now need to begin the work for our current S4 and S5 (soon to be new S5/6).

All S4 and S5 pupils should have selected their subjects for next year. Mr Murray is currently putting the final details together around our courses and new timetable for next session and any changes to subject selection will take place over the coming days. Individual pupils will be contacted if this applies.

Our staff will be working this week to provide some preparatory work for next year for our new S5/6 and will hopefully be with you by the end of the week. Until then, our senior pupils should log on to [www.bbc.co.uk/bitesize](http://www.bbc.co.uk/bitesize) and select the secondary work for Scottish National 5 or Higher level. Pupils should explore the topics, reading, videos, tasks etc related to the subjects they have chosen for next year. Pupils should be able to access the majority of subjects offered through this website.

We are working hard to ensure that we have our own materials ready for pupils for every subject we offer and will send this as soon as possible. Until then, this will allow pupils to focus some of their time on their learning in preparation for the forthcoming year.

Thanks once again for your ongoing patience, understanding and support.

Mr. Arnold
