

S1 Year Group Update

It has been a few weeks since our S1 pupils joined us here at Lornshill Academy and they have settled in exceptionally well. The first day was a huge success with only S1 in the building and really allowed them an opportunity to get to know their way around the building and get to know some key staff that are important to them.

Since then, I have been really impressed with the level of engagement and hard work I have seen in lessons. The focus for S1 this session is all about their learning and doing the best they possibly can in all classes and this has definitely been evident so far.

S1 have selected their Elective subjects in the last couple of weeks and will be informed which one of their three choices they have got in the coming weeks. Until then, they will be working on their individual profiles to encourage them to think about the skills and abilities they have, how they can work on them and possible career and study pathways they may wish to follow in the future.

Finally, I would like to thank all parents and carers for all of your help and support over the transition period from primary to secondary school. It has been a unique time to move to a new school but our young people are showing outstanding resilience and have risen to all of the challenges they have faced so far. We will always continue to offer support via the House Heads, Pupil Support team and myself as we continue to focus on learning in the coming months.

Mr Arnold

S1 Year Head
