

Room 2

We have been having lots of fun in Room 2 and have settled really well into the routines of school. We have been working really hard and we have made lots of new friends!

Miss Campbell is so proud of us all 😊

Literacy

In Literacy, we have been learning our alphabet sounds. We can recognise and write the sounds we have learned so far and we have been trying to use these sounds to help us blend and read words! We love reading in Room 2 and have been using the picture clues and our common words to help us read our reading books. We have also been very busy practising how to spell our common words.

Maths

In Maths, we have been learning about numbers to 10 and we have just started learning about addition. We can count two groups of objects to find the total and have been enjoying adding things around the classroom like the cubes and plastic teddies. We have also been learning about sorting, matching, symmetry and patterns. Next, we will be learning about 2D and 3D shapes. Our favourite thing during Maths time is playing the mental maths game 'Exterminate.'

Other

Our topic this term has been 'People who help us' and we have had lots of fun joining up with the boys and girls in Room 1 for our Free Play Afternoons. In RME, we have been reading the story of Noah's Ark and in Science we have just started learning about our senses. In PE we have been trying to improve our fitness skills and have been practising our ball skills. We have also been very busy learning our lines and songs for our Nativity show. We can't wait to share it with you all 😊
