Care Experienced S6

If you are applying to university and are care experienced (have lived under official care arrangements e.g. as a looked after child) you should make sure you tell your prospective universities that this is the case. Most universities will then offer more support, including financial help, year-round housing and emotional support. Some universities will also consider the application in context and may make an adjusted offer. See the S6 Assembly Team for more information.

Academy's Advice and Help Team (AAH)

There is a new initiative called AAH. This stands for "Academy's Advice and Help" team. We are here to help pupils with any issues that they may feel more comfortable with talking to fellow students instead of staff. If you want to speak to a member of the AAH Team, please come to Rm 28 or look for pupils wearing purple school hoodies. More details will follow in the next couple of weeks.
